"These days, it's do-this-yourself, do-that-yourself until all a fella really wants to do himself is rest up. Now, it's not that I'm lazy, you understand, but when somebody says 'don't do it yourself, we'll do it for you' ... that's for me!

"Like Firstomatic. A few months ago, I asked First National to take over my savings paper work for me ... told them just how much to take out of my checking account each month and deposit for me in my savings account. Now, while I just relax and take it easy, they're doing it for me. And all the time, my savings keep building up—and earning regular interest, to boot!

"Great idea, Firstomatic. Makes resting so much more pleasant, especially when you're dreaming of money!"
