Why We Vote Democratic

The DEMOCRATIC PARTY places human values ahead of material values. Within the last half century the Democrats have been the administration in power for 28 years and the Republicans for 22 years.

The following laws which are of great value to our economic welfare and every day living were enacted under the Democratic Administrations.

Under Woodrow Wilson 1913-1921

WOMEN WERE GIVEN THE RIGHT TO VOTE after years of struggle for that right.
PARCEL POST LAW. This is of great benefit to rural and small town people.
NATIONAL FARM LOAN ACT. This helped many farmers to buy a farm without danger of being taken by mortgage when nearly paid for.
FEDERAL RESERVE ACT. Strengthened the banks to serve the people better.
THE LEAGUE OF NATIONS. The forerunner to the UNITED NATIONS.

Under Franklin D. Roosevelt 1933-1945

SOCIAL SECURITY. It assists older people to live in more comfort.
BANK DEPOSIT LAW. Your money deposited in the bank will not be lost if the bank closes.
SECURITY EXCHANGE LAW. Making stock and bond investments more secure.
R. E. A. ACT. Now 90 per cent of the American farmers have electricity.
T. V. A. This brought cheaper electricity, flood control, navigation and prosperity to the entire Tennessee Valley area.
BONNEVILLE, GRAND COULEE, AND ALL THE GREAT FEDERAL DAMS ON THE COLUMBIA RIVER WERE BUILT OR STARTED UNDER DEMOCRATIC ADMINISTRATIONS. They have brought benefits here as T. V. A. has to that area.

Under Harry S. Truman 1945-1952

THE UNITED NATIONS. This seems to be the one document the nations of the world hope will save us from a terrible war.
THE MARSHALL PLAN. This humanitarian measure aided those countries devastated by war to get back on their feet economically. IT STOPPED COMMUNISM IN EUROPE.
A SECRETARY OF AGRICULTURE FRIENDLY TO FARMERS. Under him farmers were prosperous at little expense to the taxpayers, the cost of living was low and farmers were practically unregulated. There were no huge grain surpluses.
GOVERNMENT BONDS SOLD AT PAR. These and many other acts are the reason people are registering and voting Democratic. They believe the Democratic Party comes nearest to giving us a Government of the People and for the People and by the People.
