Mark of Economy!

Economy in Oregon government is an issue that widely separates MARK HATFIELD and the other candidate for governor. The trend to big spending and big taxes is digging deeper and deeper into each wage earner's take-home pay. It is stifling industrial expansion. Mark Hatfield says, "I intend to make economy in government again respectable and required."

VOTE REPUBLICAN

HELP PROTECT OREGON'S FUTURE

November 4, 1958, is a day of decision for all citizens of Oregon. Voters casting ballots will determine whether our state government is to be returned to the Republican party—the party of responsibility and the party for all the people—or whether it is to be given again into the hands of the powerful few whose aims seem to be personal gain and the advancement of special interests.

VOTE . . . And, VOTE REPUBLICAN!
