Non-Surgical Method Cures Hemorrhoids Painlessly

A relatively painless, non-surgical method of treating hemorrhoids (piles) is working therapeutic miracles for thousands who suffer from rectal and colon disorders.

A recently developed electronic treatment is proving more effective than surgery, with none of the after effects of surgery.

The relatively new technique requires no hospital-

ization or confinement. Patients show marked improvement almost immediately, and uncomplicated cases can be frequently corrected in as little as 10 days.

Further information without obligation may be obtained by writing the Dean Clinic, Chiropractic Physicians, 2026 N. E. Sandy Blvd., Portland 12, Oregon.

This week concludes the first 9 weeks of school and all the teachers are busy preparing, giving, and correcting tests. These 9 weeks are based on the materials that the various classes have covered during the previous 9 weeks period. On Thursday, November 13, all high school students will receive their report cards.

Plans are being made for American Education Week, which is November 9-15. The high school will hold open house for the public, during this week, and everyone is invited to come and visit the various classes. The class bringing the largest number of visitors will win a prize of \$7.50. Second prize is \$5 and third is \$2.50. So, with this incentive, the entire student body will be striving to bring as many visitors as possible.

Next week the Hehisch will return to its regular publication schedule, and will publish a paper once a week. During the past weeks the Hehisch has been coming out only once every two weeks. This schedule permitted staff members to instruct all new members in the routines and procedures of publishing a school paper. Now that this training period is over, the old schedule can be resumed.

"Chats With Your Home Agent"

By ESTHER KIRMIS
"We had ourselves a ball!" that's the best description I know of to describe the annual 4-H achievement party held last Saturday evening, Nov 1st, at the Morrow county fair pavilion at Heppner. Over 350 people jammed into the pavilion at 6:30 P M bringing with them some food for the "pot". The harrassed kitchen committee under the direction of Mrs Walter Corley, Ione worked furiously to get all the food set out for the long lines of hungry youngsters and parents. By 8:00 P M everyone was fed and ready for the program.

Many commented on how lovely the pavilion was decorated. Through the energetic efforts of Mr and Mrs Bill Rawlins, Ione, the place took on the semblance of the great out-of-doors. On Friday, Bill came into town with his pick-up box filled with pine boughs and huge cones. Yellow chrysanthemums and white candles combined with this greenery gave the large room a scent and a glow that just fitted the occasion. The 4-H mobiles, created by Mrs Al Bunch, caused quite a stir. Many a 4-H youngster and his parents puzzled over just which 4-H project the cleverly cartooned figures depicted. I was so taken with the "Mobiles" that I've sated them away in our extension storeroom to be used for other 4-H occasions.

Over 200 pins and completion cards were given out that evening, plus 23 national and special awards. The 4-H record book contest was reactivated this year. John Venard, of the First National Bank; Gene Pierce, of the Bank of Eastern Oregon; Velma Glass, Morrow county public health nurse; Jim Farley of Farley Motors and D O Nelson of Alpine were the judges for the contest.

The Danfourth Foundation award, for the outstanding 4-Square Club member in physical, mental, social and religious activities were awarded to Mardine Baker, Ione, and Billy Doherty, of Buttercreek Junction. The Safeway Stores breeding livestock award was presented to Kenneth Wright of Rhea Creek. This award is a 4-H summer school scholarship of \$25.00.

This past week I also had two extension unit activities. On Monday the county council met at the home of Mrs Jerry Brogan. Main things discussed were to push blood typing in the county, a county news writing contest for the units, and the setting of April 30th as the date of the annual Homemakers Festival. Plans are to have a pageant on the "History of Morrow" county at the Homemakers Festival this year in celebration of the Oregon Centennial.

On Wednesday we held our project training meeting for "Holiday Happiness" the unit's program for November. The women especially enjoyed the Bees-Wax candles and the making of pheasant feather corsages. They all left the meeting gaily bedecked. We have made up a "Holiday Happiness" craft box of the eight crafts included in the project lesson. This box will travel to all the units this November so members will get many ideas for Christmas.

November Unit meetings are: Rhea Creek—November 5, Mrs Walter Wrights.

Ione—November 6, Mrs Oscar Peterson's.
Heppner—November 10, Mrs Martha Lane's.
Pine City—November 12, Pine City School House.
Irrigon—November 13, Irrigon Grange Hall.
Boardman—November 18, Mrs Frances Gauger.
Lexington—November 19, Community Church.
Lena—November 20, Mrs Paul Hisler.
