OF COURSE, when you buy health protection for your family, you want the best, most complete, most reliable plan your money can buy. Which one will give you the kind of protection you need?

PERHAPS the best possible authority on health protection is your family doctor. He works with many health plans. And, chances are, he is one of the more than 1400 Oregon doctors who actually sponsor a plan specifically designed for Oregon families—Oregon Physicians' Service.

So, ask your doctor. You can rely on his experience and judgment in helping you select the plan that's best for you. And, if he recommends OPS, remember that there's an OPS representative ready to give you full details. Don't wait—you'll be glad you asked!
