IONE School Notes

BOY AND GIRL OF THE SEMESTER

The Ione high school faculty nominated three boys and three girls as candidates for boy and girl of this semester. They were chosen for their scholastic ability, personality, leadership, extra-curricular activities, and work for the good of the school and community. These candidates were Ellis Ball, Kenneth Jones, Phil Emert, Karen Lundell, Leann Padberg, and Mary Emert.

Students of the high school elected Mary Catherine Emert, and Kenneth Allen Jones for this honor.

Mary was born on January 3, 1942 in Pendleton, Oregon. She is a junior and is carrying four solid subjects: U. S. history, speech and journalism, senior mathematics and chemistry.

Mary serves as vice president of Girl's League and is assistant editor of the Cardinal. She is one of the three very capable yell leaders and, as everyone knows, is as busy as a bee. In the band she plays second clarinet and sings soprano in the high school chorus.

Lexington News

Mary is very active in sports and was elected captain of the volleyball team. Also she is a member of the tumbling and trampoline team. A sense of humor is her keynote to being well liked by everyone around her.

Outside of school she is a member of the Catholic church, of which she attends regularly. Her favorite hobby is riding her horse, Boots, and because of this, is a big help to her dad on their cattle ranch.

Kenneth was born in Condon, Oregon on November 5, 1941. As a senior, he is taking U. S. history, algebra II, speech and journalism, and chemistry for his solid subjects.

He is student body president for this year, president of the band, and is a member of the Letterman's club. His personality is another reason for his success.

Kenneth also is quite active in sports. He had a very good record in football until he broke his finger and was unable to play for the rest of the season. By the time basketball season came, Kenneth was ready to go again and was picked as captain of this year's team.

For outside activities and hobbies, he is mainly interested in trapshooting. At the present, Kenneth is the senior all-around, high over all, and junior champion of Oregon, the junior doubles champion of North America, and a member of the junior All-America trap team sponsored by Sport's Afield magazine.

The well that made a wish come true

In the 1890's a wish came true at the little town of Tumwater, near Olympia, Washington. Here, flowing cool and clear from deep artesian wells, water of an extraordinary character was discovered. This was water equal to those used in brewing the famous beers of Bavaria... water which, in the years ahead, was to be responsible for the popularity of light Olympia Beer. It remains as true in this century as the last: the more perfect the brewing water, the more perfect the brewing result. Olympia's famous water is naturally perfect for brewing just as it flows from the earth... creating a beer of refreshingly different good taste.
