What are you doing to strengthen America's Peace Power?

Not everybody can fly a jet to help keep the peace. But fortunately, everybody can do something to help strengthen America's Peace Power. Here's how:

Peace costs money. Money for many different things. To help us keep the peace, through industrial and military strength. To help make it lasting for the future, through science and education. And, (most im-

So—buy Bonds where you bank. Buy them where you work, through Payroll Savings. But buy them now. They're a good way to save (as the chart on the right will show you). And they're a mighty good investment in the future, as well!
