## Hospitals Receive Toy Animals From Irrigon 4-H Girls

Can little girls perform a community service? That is the question members of the Happy Sewers 4-H club of Irrigon pondered when they began their 4-H club year this fall, under the leadership of Mrs M E Hadwick and Mrs Fred Murtishaw. After a visit had been made to the Hermiston hospital by several of the members a need was discovered in the children's ward—no toys! Under the supervision of their leaders and junior leader, Sandra Davis, the young 4-H members fashioned plastic toys out of every conceivable color.

Although most of the people in the Irrigon area use the services of the Hermiston hospital when necessary, the girls felt a certain loyalty to the county in which they live. They decided to send half of the toys they made to the Pioneer Memorial hospital in Heppner and half to the Good Shepherd hospital in Hermiston.

Miss Esther Kirmis, Morrow county extension agent, presented the clever toys to the Pioneer hospital, Heppner, last Thursday. Mrs Eva Jean Cawdry, acting superintendent of nurses, expressed delight upon receiving them.

A similar presentation was made to Miss Alice Anderson, superintendent of nurses at the Good Shepherd hospital, Hermiston.

guson, Mrs Earl Briggs, Mrs Seth Russell, Mrs Ernest Obermeier, Mrs Claud Worden, Mrs Russell Miller, Mrs Lyle Williams, Mrs A R Fortner, Mrs Algy Taylor, Barbara Gantenbein and Barbara Anderregg, Mrs Nathan Thorpe won the prize in a game played. The best-known secret in brewing

Since before the turn of the century, brewing authorities in Europe and this country have agreed that a common link exists between the world's great beers. Whether brewed in Bavaria, the British Isles or America, beers with world-wide reputations for quality always have been found to possess brewing waters of exceptional character and unchanging excellence. These rare waters are capable of extracting from select hops and grains the most delicate flavors and aromas. One such water flows cold and clear from Olympia's own artesian wells. It is this rare, naturally perfect brewing water that makes the refreshing difference in light Olympia Beer.
