CAPITAL PARADE

(Continued from page 2)

posed to securing the money by increasing annual motor vehicle registration fee from \$10 to \$16. MAY DAY IS LAW DAY

Governor Mark Hatfield has proclaimed Friday, May 1, as "Law Day, U S A," giving official recognition to scores of special ceremonies to be held in county courtrooms throughout the state on that date.

"The observance" said Hatfield's proclamation, "will be a time for renewing our faith in the rule of law as the surest safeguard of the welfare of men and women living together in organized society and the brightest hope for achieving peace in a troubled world."

State focal point for the day will be the chambers of the Oregon Supreme Court where ceremonies conducted by the Oregon State Bar will be held.

DEMOCRATIC COMEBACK

Low Wallace, Democratic gubernatorial aspirant is getting active in politics again. In 1956 he

gave Ex-Gov Holmes a good run, after he had drawn out of the primary race. His four terms in the Senate and one in the House, seem to be re-sparking his memory. He is writing 'pieces' for the paper—a sure sign of political comebackism.

His most recent admonition is to the Legislature, particularly to the 19 Senators and 18 Representatives who have signed a measure calling for a vote of the people in 1960 on a three per cent sales tax.

The former Senator feels, "that the well-intentioned legislators, should pass a sales tax right now instead of keeping the matter up in the air until November 1960 and letting the biggest parade of tourists that ever came to Oregon go through our state for free. The bill could go into force in late July and thereby derive enough revenue to take care of our building program for schools, and at the same time meet the other provisions regarding the reduction of income taxes and property taxes as provided in the proposed bill.

GRAB OREGON BOXCARS

A look at the annual boxcar shortage in the northwest reveals the major difficulty is that many mid-western and eastern railroads retain and use cars that come into their territory from western railroads for long periods after being unloaded at their destination.

Their alibi is almost Nietzschean: "We are too poor to buy new rolling stock."

McKAYS COMING TO SALEM
