

Local News

(Continued from Page 7)

Mrs Ernest Hellker returned home from Seattle Friday of last week. She visited at the home of her son-in-law and daughter, Mr. and Mrs. Jerry Bolman.

Dates To Remember:

April 17—HEC of Willows grange meeting at the home of Mrs. Lewis Halvorsen with a luncheon at 12:30 P. M.

April 18—Willows grange meeting at 8 P. M.

April 19—A potluck dinner following church services in the Community church parlors followed by a reception for Rev. and Mrs. Floyd Bailey.

April 21—American Auxiliary meeting in the evening.

April 24—Three Links club at the home of Mrs. Cecil Thorne.

April 25—Junior-Senior banquet and prom in the evening.

April 26—Dr. Frank Bennett of Eastern Oregon College of Education will preach at the Community church at 11 a. m.

The study meeting of the Topic club was held at the home of Mrs. Verner Troedson Friday afternoon, April 10 with Mrs. Norman Nelson as co-hostess. At the business meeting conducted by Mrs. Dixon Smith, president, Mrs. Roy Lindstrom, Mrs. Garry Tullis and Mrs. Charles O'Connor were named on the program committee for next year. Mrs. Norman Nelson gave a report on the Scandinavian countries, Norway, Sweden and Denmark. She and Mrs. Troedson had a display of articles that were brought from these countries by Mr. Nelson and Mr. and Mrs. Troedson when they were there a few years ago.

Mrs. Edith Nicholson was honored with a surprise birthday at her home Thursday afternoon, April 9. Guests present were Mrs. Roland Bergstrom, Mrs. Arvilla Swanson, Katherine Rea, Mrs. Clell Rea, Mrs. Cecil Thorne, Mrs. G. Hermann, Mrs. Carl Bergstrom and Mrs. Fredrick Martin.

Mr. and Mrs. Delmer Crawford and daughters and Mrs. Franklin Ely spent the weekend in Portland.

Dr. and Mrs. Errett Hummel and daughter, Susan, of Beaverton, spent the weekend at the John Eubanks home.

Mrs. Sam McMillan and Mrs. Fannie Griffith spent a few days in Portland last week.

Mrs. Mabel Cotter returned home from the Pioneer Memorial hospital Friday of last week.

Mrs. Anna Lindstrom is visiting at the home of her daughter, and family, Mr. and Mrs. Frank Helina in Seattle.

The Maranatha club meeting was held at the home of Mrs. Omar Rietmann Wednesday afternoon, April 8 with Mrs. Wate Crawford as co-hostess. The meeting was opened with a prayer by Mrs. E. Markham Baker, president.

Mrs. Baker named the following committees for the Mother-Daughter tea to be given May 2, 2:30 to 4:30 P. M. at the Community church parlors: refreshments Mrs. Bryce Keene, Mrs. Alfred Nelson and Mrs. Berl Akers;

tables, Mrs. Garry Tullis and Mrs. Lloyd Howton; program, Mrs. Omar Rietmann and Mrs. Milton Morgan; guest book, Mrs. Ella Burgoyne and Mrs. Carl Bergstrom; setting up room, Mrs. Arthur Crawford, Mrs. Kenneth Smouse and Mrs. Gordon White;

kitchen, Mrs. Ed Baker and Mrs. Ida Coleman. Mrs. Charles Hudson has charge of the nursery during morning worship at the church. For the program, Mrs. Floyd Bailey gave a reading and gift boxes were given by the members. The money will go to missionaries to the State, the nation and to a foreign country.

After meeting a handkerchief shower was given in honor of Mrs. Bailey who is leaving soon for Weiser, Idaho where Rev. Bailey will be pastor to the Congregational church.

Refreshments were served by the hostess and the door prize was received by Mrs. Wallace Matthews.

Lexington News

By DELPHA JONES
(From Last Week)

Funeral services were held Wednesday from the Daniels Funeral home in LaGrande for Harold Henderson, who passed away in that city March 28th. He was born Jan. 18, 1902. Services were conducted by the Rev. Lawrence Knautz with interment in the Summerville cemetery. He

left to mourn his passing, his mother, Mrs. Jesse Henderson of LaGrande; Mrs. Howard Henderson, Grant Henderson and Mrs. Lois Place of LaGrande, Mrs. Ethel Chrisman and Alonzo Henderson of Lexington; 6 nieces, and 10 nephews. Mr. and Mrs. Alonzo Henderson and family motored to LaGrande for the services.

The junior class of the Lexington Sunday school wish to thank all those who helped with the food sale for the class. They took

in \$16.55 and the money will be used for supplies to help with the lessons. The teacher is Mrs. M. V. Nolan.

Mr. and Mrs. Bill Parsons have been recent Portland visitors where Mrs. Parsons is receiving medical attention.

Mr. and Mrs. E. E. Peck were Seattle visitors on Monday.

Mr. and Mrs. Cecil Jones were LaGrande visitors on Sunday, enroute they visited at the Hack Bloom home in Stanfield.

We Are Now Dealers For THE FAMOUS HARRIS HILLSIDE "98" Always The Finest - Now Even Better Yet!

A Worthy Companion
to the
Time-Tested
Harris Sidehill "88"

Here Are The INSIDE Features
Of The Harris -

THEY TELL THE STORY OF THRESHING SUPERIORITY

- (A) HEAVY-DUTY, CHAIN AND SLAT FLOATING FEEDER. Slats are heavy gauge metal. Can't bend under heavy loads. Positive feed, lower sprocket floats close to auger for positive pick-up. No dead spots to cause bunching or slugging.
- (B) HEAVY-DUTY, THREE WING, STRIPPER BEATER. Strips, turns and feeds grain into cylinder evenly and positively.
- (C) HEAVY-DUTY, HARRIS EXCLUSIVE, TAPER-TOOTH CYLINDER. EX-PLODES grain from straw. Effective threshing volume area of 54 inches. Cushion action prevents cracking, stops bunching, stops tooth wear.
- (D) SIX EXCLUSIVE STEEL CONCAVE BARS. Maximum combinations possible to thresh any seed crop, large or small.
- (E) FIVE EXCLUSIVE DESIGNED BEATERS. Located correctly to agitate and separate all the grain. Proven over 50 years experience.
- (F) EXCLUSIVE STEEL BUFFER TINS. Retard grain flow. Speed separation.
- (G) EXCLUSIVE CELL BELT. Grain falls into 2-inch cells on conveyor. Straw and chaff float on top. Positive separation.
- (H) PICKERS. Lift and float straw from grain carrier. Grain falls to cleaning shoes.
- (I) CHAFFER SHOE with ADJUSTABLE SHAKE. Removes excess chaff and straw. Large volume, low velocity air passes through wire screen—lifts straw and chaff, allows free flow of grain to recleaner.
- (K) EXCLUSIVE, INDEPENDENT RE-CLEANER SHOE. Has independent, adjustable shake for maximum cleaning efficiency. Self leveling on hills. (Optional on level land models.)
- (L) BIG CLEAN GRAIN AND RETURN AUGERS. 5 1/2-inch. Big enough to handle heaviest crops—maximum yields.
- (M) HEAVY DUTY, SIX-BLADE CLEANING FAN. 28-inches dia. Variable speeds. Smooth constant airflow. No dead spots, high volume, low velocity. Holds smallest seeds—floats out straw and chaff.
- (N) STRAW FAN. Floats straw into beaters over straw carrier. Assures final separation of grain from straw.
- (O) HEAVY CHAIN and SLATTED STRAW CARRIER. Time-tested for top efficiency in heavy grain. Lower loss, under crowded capacity, than any other machine or method.
- (P) HIGH CAPACITY, OVERSHOT, TOP-DRIVEN ELEVATORS. 3 1/2 x 5-inch rubber drag type. Special designed sprockets prevent cracking. Owners report upwards 60 bu. wheat in 10 minutes through clean grain elevator.
- (Q) EXCLUSIVE FULL WIDTH, OPEN and TAPERED UNLOADING AUGER. 9-inches dia. Fast, non-cracking. "Unloads on-the-run," even in the hills.

WHAT'S DOING

D. A. Short, your Telephone Manager for Heppner

Ever counted the steps from the kitchen to your phone? Try it. 15 steps? 20? 30? Even if you get only 3 calls a day during kitchen hours, a kitchen extension would save you 16,000 to 33,000 steps a year! It lets you go right ahead with your work when the phone rings, too. No turning off the stove and running through the house to answer the telephone. And if you're planning to move soon, you can save money on the installation cost of extensions. The charge to move your present phone covers the installation cost of all the extensions you'll need in your new home.

Even under a running faucet, these phone wires are still dry. Reason: Each pair of wires is covered with a "plastic raincoat." This protection means a lot. You see, wires like this are the heart of the cables that carry your calls. If harmful water ever does get inside a cable, the plastic coat is an added safeguard to help keep your calls going through. Pacific Telephone
