Mr and Mrs Gene Majeske and children were Portland visitors

STOP hurrying, STOP worrying! RE-lax, RE-vitalize, RE-laugh yourself at the Star Theater often.

True
the whole
world
over

Each region of the world, each period in history, has recorded knowledge of the art of brewing. Authorities have found that, while brewing methods varied, one ingredient remained constant wherever beer of exceptional quality was made. The one priceless ingredient was water.

Whether it be the British Isles or the Continent, the Old World or the New... the character of the brewing water is largely responsible for the excellence of the beer. That is why Olympia Beer has gained such fame! Water that is naturally perfect for brewing flows from Olympia's own artesian wells. It is this rare brewing water that achieves for light Olympia Beer good taste that is refreshingly different, yet always just the same.
