## "Patience Is The Best Remedy For Any Trouble"

By Phil Blakney

Every physician needs the patient's cooperation in order to secure the best results. Before he can cure, it is first necessary to find out the cause of the trouble. Physicians have the knowledge and skill to properly diagnose, but sometimes it takes time to accomplish this.

When you ask your physician for help, do not be impatient if results are not immediate. Sometimes more than one visit is needed. Be sure to take any medicine he may prescribe exactly as he directs. Always follow your physician's directions faithfully, just as we pharmacists do when we compound his prescriptions.

YOUR PHYSICIAN CAN PHONE 6-9962 WHEN YOU NEED A MEDICINE

Pick up your prescription if shopping near us, or let us deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound yours?
