"OVER THE TREE CUP"

By JACKIE LABHART

Nine nimrods of the female type golfer braved a generous sprinkling of atmospheric conditions Tuesday morning to partake (but their weren't many pars taken) in the weekly ladies damp damsel were Sue Valentine, Kay Robinson, Hester Creswick, Sue Jones, Cork Norene, Kay Anderson, Dee Gribble, Hazel Mahoney and myself. New golf balls were awarded to Kay Robinson for having the least number of putts, Hazel had the fewest strokes on the combined odd numbered holes, and Sue Valentine and I tied for the least number of strokes on the even holes. Dew to the water both on and off the course, you might say that we all were making our way around the course in "fluid drive"; but were not getting the usual mileage from our strokes. (However, Kay Robinson shot one of her better games but then she always did like water.) I overheard that Frank and Kay Anderson and Jim and Sue Valentine played seven holes on Friday, and that Jim, who hasn't played all year, shot them in a 31 (could be this Valentine had his "heart" in the game.)

Among the golfers seen on the links this past week were the Floyd Jones', N D Bailey, Lester Doolittle, Ed Bennett, LaVerne Van Marter, the Conley Lanhams, Jo Pettyjohn, Harlan McCurdy, Ambrose Chapin, Del Jordan and Mike Whitesmith.

Any gal golfers interested in going to Kinzua this next Wednesday morning for our yearly invitational trip to their golf course, please notify Kay Robinson.

That's about all the link lore for this week so until next tee time good golfing every one.

WHAT'S DOING

As any mother knows, it's usually hard to keep kids away from the phone. They love to use it. And it's important they learn how to use it properly when they're young. That's why we put together "Adventures in Telezonia." It's a teaching kit, complete with puppet movie, shown above, that shows grade school students how best to use the telephone. We worked it out at the request of teachers and with their assistance. It teaches the right way to make calls, including those from public phones. And this training helps everybody get better telephone service. "Adventures in Telezonia" is available to schools just for the asking.

September's back-to-school time in a lot of families. Time to remember that a long distance call is a fine way to keep in touch with the kids away from home. Why not plan now to "visit" your favorite student by phone each week?

You can call from Heppner to Portland only \$.85, station rate to Salem for only \$1.00, station rate to Corvallis only \$1.05 station rate to Eugene only \$1.05 station rate. And station-to-station rates are even lower after 6 p. m. weekdays and all day Sunday. **PACIFIC TELEPHONE**
