

Maupin 11 Outscores Mustangs; Umatilla Plays Here Friday

By NEAL PENLAND

Heppner high's Mustangs suffered their third defeat of the season Friday night on the Maupin field when the Redstides outscored them 20-7.

Heppner took the opening kickoff and in a series of eight plays went 72 yards with Dennis Doherty climaxing the drive by going over from the one yard line. Tom Driscoll swept wide around left end to add the extra point.

Maupin bounced right back in the second period when Joe Burgett passed to halfback Butch Ziegenhagen for 20 yards and a touchdown. Art Crabtree ran in for the extra point.

Early in the third quarter Burgett passed to fullback Herb Snodgrass for 32 yards and on the next play Burgett drove over from the two to break the tie. The clincher came in the fourth period when Maupin drove 46 yards and Snodgrass added another six points. Burgett missed on the extra point try.

Heppner had another good

drive going when it got to Maupin's nine yard line but lost the ball when fullback Neal Penland fumbled and a Redside gathered in the ball. This break set up Maupin's second touchdown.

The weather was very hot and both teams had trouble getting their plays to work just right.

The Mustangs outgained the Redstides by four yards, 279 to 275, but Maupin came up with one more first down, 14 to 13.

Heppner will tangle with Umatilla on the home field Friday night, and the following week will end the season by playing Echo. This game will also be on the Heppner field.

Heppner Navy Man In Mediterranean

MEDITERRANEAN (FHTNC)—Navy Lt Donald E Bennett, supply corps, son of Mr and Mrs E A Bennett of Heppner, is serving aboard the attack aircraft carrier USS Essex in the Mediterranean which, on the night of Oct 21, chalked up its 93,000 arrested plane landing.

The landing was made by a propeller-driven A3D Skyhawk piloted by Marine 1st Lt Jimmy D Sells of Gold Hill, N C.

The Essex is far ahead of other active duty carriers in landing but still remains 4,459 behind the all time mark of 97,459 set by the old carrier USS Saratoga before it was sunk in a A-bomb test off Bikini in 1948.

Chats With Your Home Agent

By ESTHER KIRMIS

I think the Hawaiian Chamber of Commerce should award me a free trip to Hawaii after all the publicity I've given their famous vacationland through our extension unit programs.

Mrs Jessie Worden and I presented the lesson on Hawaii to the Boardman extension unit when they met at the home of Mrs Madge Bishop on October 20. Fourteen members and three guests were present. Mrs Irene Deltis, secretary of the Boardman unit told of the sights she had seen in Honolulu. Her husband and she spent some time on the Island of Guam where he was assigned to naval duty. Enroute back to the USA they stopped over in Honolulu.

The business of the day was very ably handled by Mrs Richard Waymire, chairman. The club is making plans to cut Christmas trees in the mountains and bring them back for sale in the community as a means of increasing the unit's treasury.

You can depend on this group of women to meet a need. A 4-H foods leader was needed to replace Mrs Maureen Malone who moved away from Boardman last spring. Mrs E C Daniels, a new unit member, volunteered to lead this club as she has a young girl ready to start 4-H club work.

Mrs Margaret Thorpe and Mrs Mable Allen, project leaders for copper tooling, announced that the next meeting will be at Mrs Allen's home where all interested will try their hand at copper tooling.

I've had an invitation from Mrs Robert Brindle, program chairman of the Heppner Mother's Club, to speak on Hawaii at their November 2 meeting. I hope the lights stay on this time! (About a year ago the electricity went off just as I got up to speak and show slides on "Color in the Home.")

I was invited to attend the luncheon of the Morrow county Cowbelles on Wednesday, October 21, at the Elks dining room. (It's a nice place!)

This group of livestock women, under the leadership of Mrs Raymond French, are making plans to carry out meat promotion in the county.

I'm sure many of you have seen the clever place mats they have had printed for sale. There must be close to 100 brands of Morrow county livestock growers on this place mat. It makes for good table conversation and also a way of helping the Cowbelles raise a little cash.

The women voted to award a 4-H trophy and a beef cookbook to the best food preparation demonstration by an individual that demonstrates a good practice on the use of meat in relation to family dietary needs, at our Morrow county fair. A beef cookbook will go to the second place winner. We are hoping some 4-H girl enrolled in foods will win this trophy at fair time.

Plans were also made for a "meat cookery" demonstration to be held January 15 in connection with the annual Morrow County Livestock Growers meeting. Two specialists are being invited from Oregon State College to put on this public demonstration on selecting, preparing, carving, and serving of meat. This should be an outstanding event in the county.

The 4-H achievement party decorating committee, under the chairmanship of Mrs Andy Van Schoelack, met on Friday, October 23, and laid plans for decorating for our big achievement party on November 7, at 6:30 P M at the Heppner fair pavilion.

Letters have been sent out to the members of the decoration and physical plant committee to meet on Friday, November 6, to set up tables and chairs and to decorate the pavilion.

Should be the biggest achievement party yet! We're planning for 350 people!

Bill Labhart was in Sherwood Tuesday to take the Elks hides to the tannery.
