The Stranger One in New England, Rosecoe; Corages of Pods and Cones, Lochay; and Garden Design, John and Carol Grant. These last two were given by the Lone Garden club. Six volumes of the Reader's Digest Condensed books were also added.

Merrilee Jacobs, Mariene Crawford and Maureen McElligott spent Friday night with Janet Palmateer to help her celebrate her 10th birthday.

Mr and Mrs Kenneth Turner and daughter of Heppner are spending a few days at the home of her parents, Mr and Mrs Garland Swanson. Mr Turner is helping Mr Swanson put up some grain bins.

### Garden Club Meets

The Lone Garden club meeting was held at the home of Mrs Echo Palmateer Tuesday afternoon, March 8. Mrs Edith Nicholson and Mrs Frances Piper were the hostesses. Mrs Vern Hodges of Hermiston, president elect of the Blue Mountain district, was present and gave a talk. Her daughter, Judy, a student at the University of Oregon, accompanied her. She gave two vocal solos. At the business meeting conducted by Mrs Fredrick Martin, president, further plans were made for the district convention to be held at the grange hall, April 20. Petitions are being circulated to put the billboard control on the ballot this fall. Mrs Piper and Mrs Martin gave ideas on home gardens. Mrs Lawrence Jones received the door prize.

### Maranathas Lay Plans

The Maranatha club meeting was held at the home of Mrs Alfred Nelson Jr. Wednesday afternoon, March 9 with Mrs Kenneth Smouse as co-hostess. Mrs E Markham Baker, president, gave readings on Lent. At the business meeting it was reported that 5 tablecloths and 12 dust cloths were sent to the Rocky Mountain college in Billings, Montana. Mrs Rod MacKenzie reported that layettes

were finished with the exception of sweaters and bonnets. These were made by the Miriam Circle. The Naomi circle sent 5 boxes of toys to be used by children of migrant families near Forest Grove.

Plans for the Easter breakfast were made. The Naomi Circle will take care of the tables and Mrs Marion Palmer, Mrs Garry Tullis, Mrs Clell Bea and Mrs Arthur Crawford were appointed on the dinner committee. Mrs Fredrick Martin, Mrs O L Lundell, Mrs Echo Palmateer, Mrs Mary Swanson and Mrs Milton Morgan on the dishwashing committee. A clean up of the church will be held the 1st week in April. A Mothers-Daughters tea was discussed, the date to be decided later. At the April meeting election of officers will be held. Mrs Echo Palmateer, Mrs Walter Dohyans and Mrs Wate Crawford were elected on the nominating committee. The dedication of the Women's Gifts boxes will be held in April.

Mrs Smouse had charge of the program. Others taking part were Mrs Mary Swanson, Mrs Milton Morgan, Mrs Alfred Nelson, Mrs Ella Burgoyne, Mrs Arthur Crawford and Mrs Baker.

Guests present were Mrs Noel Dohyans and Mrs Norman Nelson. Mrs Dohyans received the door prize. Phone your news items to 6-9228.

NOW SERVING MORROW AND GILLIAM COUNTIES

For More Profit Per  
Acre From Wheat Land...

Use Phillips 66  
Agricultural Ammonia

Take the amount of nitrogen that soil tests show you need for your wheat land. Then figure how many fewer pounds of the 82% nitrogen in Phillips 66 Agricultural Ammonia will be required to fertilize your grain, compared to other less concentrated nitrogen fertilizers.

Now, add this big advantage to the higher yields you can get with Phillips 66 Agricultural Ammonia—and you'll see these benefits mean more profit per acre for you.

But that's not all. This 82% nitrogen encourages deep, strong root systems that resist winter kill, and enables your plants to use more available moisture. For more profit per acre from your wheat land, use Phillips 66 Agricultural Ammonia.

## WHAT'S DOING

Telephone men wearing headsets aren't too unusual a sight in our business. This man, for instance, makes final checks on newly installed phones to make sure they're ready to use. Our Heppner customers may never have occasion to see a deskman at work. But they can rest assured he is always on duty ready to track down any sign of trouble on your line and help keep your telephone a service you can count on.

The last place you might expect to find coal is in your telephone. But it's there, all right. In each telephone mouthpiece there are

tiny coal granules that change voice waves into waves of electric current. Phone people are very particular about this coal—they get a special, handpicked anthracite from Pennsylvania. First, it's crushed, ground, sifted and sorted. Next, it's washed, rinsed, dried, tested for cleanliness and roasted 24 hours at temperatures up to 2048° F. Then it's cooled, tested again, and stored for six months before it's used. Sound complicated? Yes! But it's just one of the ways we work to make your telephone more dependable — more valuable to you.

Birthdays, anniversaries, and other special occasions for family and friends seem always to be popping up. Much as we'd like to, we often can't be there in person to deliver best wishes. And that's when a long distance call can mean so much. If you've received a call on a special day from someone far away, you know what I mean. It's an exciting visit for everyone gathered 'round. The cost is low—even lower station-to-station and after 6 p.m. Next time, why not "be there" with a long distance telephone call. Pacific Telephone—Northwest
