Jan Frink is spending some time at the Campfire camp at Hildaway.

Mrs Emma Breshears is spending some time visiting relatives in Indiana.

Mr and Mrs Al Lowry and son of Mitchell and Bobby VanWinkle visited at the William

## How To Beat The Heat!

A cool, attractive, cereal and milk breakfast adds balm to the spirit and provides the body with quick and lasting energy for the hot day ahead. Skipping breakfast is not the answer of how to beat the heat. Quick and lasting energy are very important aids when it comes to ways to "beat the heat." The quick energy gets you started in the morning, the lasting energy keeps you at top performance for the entire morning.

Summertime offers so many opportunities to prepare attractive, refreshing breakfasts that will tempt wilted appetites. To ensure an adequate breakfast, simply use a basic breakfast pattern for your guide. This pattern includes fruit, cereal, milk, bread and butter.

Chilled melons are wonderful summer breakfast fruits because they add variety and make a good contribution of vitamin C. Breakfast cereals offer many choices of both the regular and pre-sweetened types. The cereal and milk breakfast is the quickest, easiest, and most convenient to prepare. Other adequate breakfasts require longer preparation time, more work, more clean up, and cost more.

**A Cool Refreshing Breakfast**  
Chilled Cantaloup with Lime Wedges  
or  
Chilled Honey Dew with Raspberries  
Crisp Corn Flakes  
Chilled Milk for Cereal and Beverage  
Eaten with Toast, Sweet Rolls or Muffins  
Coffee

J VanWinkle home Sunday. Their daughter Joyce returned home with them after visiting here at the VanWinkle home. Bobby VanWinkle returned home with them again for an extended visit.
