Stroganoff Good Patio Fare

Pleasantly warm summer evenings are perfect for porch or patio dining, and balmy breezes whet appetites sometimes subdued during the heat of the day.

What about serving everybody's favorite, Beef Stroganoff? It is a hearty enough dish to please the hungriest of men but lends itself to informality serving because it can be served in one dish. Pickled beets and sour cream are suitable accompaniments.

To any meal served indoors or out, seasoning is important. A versatile one is Tabasco, a liquid red pepper seasoning. It is particularly good with dishes that combine meat and vegetables in one because flavors are apt to become indistinct and need spark such as Tabasco provides.

| 2 teaspoons salt | 1 can condensed tomato or cream of chicken soup |
| 1 1/2 pounds sirloin or rib steak, or boneless chuck, cut into strips | 1/2 cup bouillon |
| 4 tablespoons butter or margarine | 1/4 teaspoon Tabasco |

Get Bigger Yields...
Maximum Moisture Use

from your WINTER WHEAT

Apply plenty of yield-increasing
Phillips 66 Agricultural Ammonia

Northwest wheat studies show remarkable increases in both yields and moisture efficiency when adequate nitrogen is applied. Results from one test show a 100% yield increase over the control plot with 90 pounds of nitrogen, and a 56% increase in bushels produced from each acre-inch of water. In dry areas, lower applications of 30 to 50 pounds of nitrogen may provide the most profitable yields.

TESTS SHOW:

Increased Yields... Maximum Moisture Efficiency

NITROGEN... plus efficient use of moisture is essential for maximum wheat yields.

PHILLIPS 66 AGRICULTURAL AMMONIA is 82% nitrogen. This premium quality product costs you less per pound of nitrogen than any other form of nitrogen fertilizer you can buy.
