

140 Visitors Attend Ione Flower Show

By FRANCINE CRAWFORD

The Ione Garden Club flower show "For the Beauty of the Earth" was held in the school cafeteria Sunday, Sept. 25. It was well attended by local and out of town people. The guest book was signed by 140 visitors.

There were more than 200 horticultural entries and over 100 arrangements. Nine table settings, by community organizations, seven floor arrangements and seventeen bloom cycles were entered in these sections, new to the Ione show this year. Four men entered arrangements in the "By Men Only" section.

Sweepstake winners were: Mrs. Elbe Akers with Mrs. William Rawlins runner-up, in the adult division; Carol Rawlins, in the 8 to 12 year division and Anita Crawford, in the 4 to 7 division.

Sweepstake entries were table setting "A Fall Dinner" arranged by Mrs. Norman Nelson and Mrs. Don Peterson of the Ione P-T-A; floor arrangement, "Ebb Tide" by Mrs. Elbe Akers; horticulture specimen, "Pat and Dee" Dahlia entered by Mrs. William Rawlins; and a child's arrangement, pink Pompon dahlias in a white lamb, by Carol Rawlins.

The theme of the show was carried out on the stage, depicting an out-of-doors scene with an umbrella table and bench and a waterfall before a background of a stone wall and garden gate. Flamingos and many colorful flowers completed the picture.

Mrs. Phil Emert is president of the club, and Mrs. Elbe Akers was general chairman of the

show. During the tea hour the judges, Mrs. Kimble Tellefson of Hermiston and Mrs. Kay Heston of Pendleton, gave very interesting and informative talks and answered questions of grooming flowers for a show and helpful hints composition of arrangements.

Teach Your Children Thrift with S&H GREEN STAMPS

Many families use S&H Green Stamps to help their children learn the all-important habit of saving. They use them as awards for doing chores around the home. For instance . . .
So many S&H Green Stamps each week to daughter for drying the dishes or helping clean house . . . so many to sonny for mowing the lawn or for other odd jobs. Many housewives tell us it's a wonderful way to accomplish the twofold purpose of rewarding youngsters for tasks well done and showing them how thrift pays.
Youngsters of every age from tots to teens love S&H Green Stamps because they can redeem them for a wide variety of quality items that are dear to children's hearts. Try this plan in your home. You'll be truly amazed to find how well it works.

Announcing the 1961 Ford . . .
Beautifully proportioned to the
CLASSIC FORD LOOK

The 1961 Ford Galaxie Club Victoria—beautifully built to take care of people

An honor to be proud of, this is the medal presented by the international fashion authority, Centro per l'Alta Moda Italiana, to the 1961 Ford for functional expression of classic beauty.

BEAUTIFULLY BUILT TO TAKE CARE OF ITSELF

The 1961 Ford introduces a whole new concept of what a car can do for you . . . and for itself!

It lubricates itself. New nylon bearings and a newly developed lubricant keep the '61 Ford freshly greased for 30,000 miles. It cleans its own oil. The 1961 Ford's Full-Flow oil filter lets you go 4,000 miles between oil changes.

It adjusts its own brakes. A "mechanical brain" keeps brakes adjusted for the life of the lining.

Rust? Ford's body is specially processed to resist corrosion, even to galvanizing body panels beneath doors.

Ford takes care of itself on the turnpike, too, with a new 390-cu. in. Thunderbird Special V-8 that has all the punch you'll ever need. The 352 Thunderbird Special V-8 and 292 Thunderbird V-8 thrive on regular gas. And, for top economy, you can choose the '61 Mileage Maker Six.

This is the 1961 Ford . . . beautifully proportioned to the Classic Ford Look . . . beautifully built to take care of itself.

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

LUBRICATES ITSELF. You'll normally go 30,000 miles without a chassis lubrication.

CLEANS ITS OWN OIL. You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

ADJUSTS ITS OWN BRAKES. New Truck Size brakes adjust themselves automatically.

GUARDS ITS OWN MUFFLER. Ford mufflers are double-wrapped and aluminum—normally will last three times as long as ordinary mufflers.

PROTECTS ITS OWN BODY. All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing body panels beneath doors.

TAKES CARE OF ITS OWN FINISH. New Diamond Lustre Finish never needs wax.
