## License Renewal May Be Made By Mail

Most Oregonians whose license plates expire in October will receive renewal reminder cards under a program scheduled to start September 19.

The Oregon Department of Motor Vehicles expects more Oregonians to renew their plates by mail under this new program, but believes the majority still will prefer to handle transactions in person at Department field offices.

Forty percent of those polled recently said they would renew by mail when notified. Presently, with no reminder system, only 2 percent of Oregon car owners handle renewal by mail.

The reminder system includes a punched card renewal notice to be sent to a car owner prior to the month his license plates expire. If he wants to renew in person, he must take the reminder card and fee to a field office where he will receive his tabs and validated registration card immediately.

If he wants to renew by mail, he should enclose the remittance with the reminder card properly filled out and mail it to the Salem office. It is expected that tabs and a valid registration card would be received by the customer within a week's time.

The Department cautions that a small percentage of owners will not be notified of renewal

## time because of recent changes of ownership or changes of address where no notification has been received by the Department of Motor Vehicles.

THE '61 PONTIAC IS OUT TODAY!

*It's All Pontiac! on a new Wide-Track!*

**New track-to-body proportion!** The track is the width between the wheels. Pontiac is the only Wide-Track car. Body width is reduced, shaving side overhang, balancing more weight between the wheels. Best relationship of body width to wheel width ever tailored. Lean and sway are ancient history.

**Announcing the new Pontiac Trophy V-8 Engine!** We've improved the engine the experts said was perfect. New fuel induction system saves gas by using more air in the gasoline mixture. This makes the engine breathe more efficiently, giving you better acceleration. Eleven versions to choose from. Horsepowers range from 215 to 348. For best economy, specify the Trophy Economy V-8. Its lower compression ratio lets you use regular gas.

**More headroom, legroom, footroom for greater comfort!** You'll take great comfort in the extra roominess we've built into the '61 Pontiac. Seats are higher, yet there's more clearance beneath the steering wheel and more hatroom over your head. There is more legroom, more footroom. Doors are wider and designed to swing open farther. The more highway you put behind you (Pontiac specializes in this) the more you'll appreciate the new room that's all around you in this sleek new '61.

THE ONLY WIDE-TRACK CAR! Body width trimmed to reduce side overhang. More weight balanced between the wheels. No other car hugs the road with such sure-footed stability and precision.

ISN'T THIS YOUR BIG YEAR FOR A WIDE-TRACK PONTIAC? IT'S ALL PONTIAC!
