"15" is a BAD bill

DON'T BE MISLED

FACT 1. THIS BAD BILL WOULD GIVE THE STATE A BLANK CHECK TO BUILD EXPENSIVE AND INCONVENIENT INFORMATION SITES WITH YOUR TAX DOLLARS!

FACT 2. MEASURE 15 WOULD DESTROY MANY JOBS AND PAYROLLS — WOULD HURT OREGON'S \$176,000,000 TOURIST INDUSTRY!

FACT 3. THIS BADLY WRITTEN BILL WOULD NOT PROTECT SCENIC HIGHWAYS—WOULD ACTUALLY CAUSE CLUTTERING IN MANY AREAS!

- ★ SAVE TAX DOLLARS
- ★ SAVE JOBS AND PAYROLLS

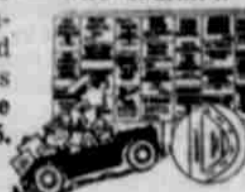

This measure puts the State in the billboard business. Authorizes it to acquire land, build roads and construct hodge-podge boards each containing 24 advertisements. The State would say who could advertise — who couldn't. These off-highway sites would be danger traps at night. Vote NO on No. 15.

Hundreds of off-highway and roadside businesses would be denied the opportunity of telling motorists their location or what services they offered. Result: Lost business . . . lost jobs. Vote NO on No. 15.

Everyone agrees—scenery must be protected—but this measure prohibits signs in many non-scenic areas and allows signs in many scenic spots. It is a badly written and misleading bill!

Reddy Kilowatt's Helpful Hints

HOW TO MAKE YOUR HOME COMFORT DOLLAR GO FARTHER!

- To save on your home heating, be sure that windows and doors are weather-stripped, and that your house is insulated. This keeps heat from leaking out of the house.
- Keep your refrigerator and your freezer defrosted. By keeping the frost thickness less than an eighth of an inch, you can reduce the running time of these two important electric appliances.
- Plan meals to utilize your electric oven for more than one item at a time, thus making it do double or triple duty.
- You will save on hot water if you do your washing only when you have at least one full load of clothes.

These are just a few of the ways you get your biggest value from dependable PP&L electric service. Use it often, use it efficiently. Live better electrically.

MORROW COUNTY FARMERS FOR

Richard M. Nixon ..for President..

WE NEED a man who knows by first-hand experience the intimate workings of the National Security Council and who has worked with leaders throughout the free world in promoting peace.

WE NEED a man who believes in a sound money policy. We do not need a man who recommends to Congress unnecessary legislation calling for Federal Aid to everything, which only adds to our tax burden. We do not want to send more dollars to Washington for so-called services which we should provide for ourselves.

WE DO NOT NEED bigger government with more controls over our daily lives. We want to continue our freedom and to make our own decisions.

NIXON HAS THE KNOW-HOW TO KEEP THE PEACE, MOVE THE ECONOMY AHEAD AND EXTEND FREEDOM THROUGHOUT THE WORLD.

WE BELIEVE THIS ELECTION WILL DECIDE THE FATE OF THE FREE WORLD!

OUR COUNTRY NEEDS THE STATESMANSHIP OF THE NIXON-LODGE TEAM.

In rebuttal to the "facts" presented in an ad in this paper by "Farmers for Kennedy":

1. How can "real taxes be up 700% and income be down in the same proportion" when at the same time everyone is able to enjoy such a high standard of living?
2. We submit that inflation has been encouraged by a Democratic Congress which has passed inflationary legislation. True, the Department of Agriculture has cost the tax-payers much money, but it has only been administering an unrealistic price support program originated by a Democratic Administration and perpetuated by Democratic Congresses who refuse to correct the problem. Let us not forget the agricultural expenditures of the Truman administration. They spent 17 times more on the price supports for peanuts than they allotted for long-range missiles.
3. We would ask this group, how could "the last THREE Republican Presidents" veto the Oregon Wheat League program? Do you mean Eisenhower, Hoover and Coolidge? Let's not be ridiculous when presenting facts. Eisenhower did veto a "catch all" Omnibus Farm Bill that contained the Two Price Wheat Plan along with many features which were unacceptable. In the Official Voter's Pamphlet we can not find where any Democrat candidate supports the Wheat League Program.

The Democrats continue to use the wheat problem as a vote-getting device. Why hasn't the Democrat-controlled Congress passed a workable wheat bill?
