### Over The Tee Cup

By JACKIE LABHART

Once again its time for "Tee", but just a "sip" I'll serve to thee. The "pot" is just beginning to "brew", but in weeks to come I'll have more for you.

Our first ladies day for the 1961 spring season will start this Tuesday, April 4 at 11:30 a. m. All gal golfers are asked to bring a sack lunch and meet at the picnic table on the No. 7 tee. We plan to start teeing off at approximately 12:15 so those of you who can't make it for lunch, try to "drive" down for the tee off time.

#### Pictures To Be Shown Friday, April 7

The Heppner extension unit is sponsoring a film travel of the world at the Heppner First Christian church on April 7, at 8:00 p. m.

Miss Leta Humphreys, Mrs. Edna Turner, and Mrs. Gene Ferguson will show films of their travels.

The public is invited to attend and enjoy an evening of fascinating pictures.

OVERHEARD: THAT HAZZY

O'Donnell played at the Pendleton course Sunday with ex-Heppnerites John Williams and Del Jordan (shot a pretty good score too) . . . that several of Heppner's educators have been learning their lessons on the course of golfing (you "cantonwine" about taking a divot or two and "gordon"arily you have to expect a few hooks and slices and once in a "abrahamson" you manage to sink the first putt . . . that Marie McQuarrie has recruited two new "link ladies" (namely Joyce Ward and Nadine O'Brien) . . . that the ol' standbys didn't let the weather stand in their way when they wanted to play a round of golf this winter, the "weather beater" golfers who wouldn't give up (to name a few) were the Lowell Gribbles, Velma Glass, Marie McQuarrie, Phil Mahoney, Ed Bennett, Raymond Ferguson and the aforementioned faculty members.

Until next week when the ingredients for this "cup" should be more plentiful I shall close with this thought . . . just take it easy with the first spring swing, or you may end up with your arm in a sling.

Here's what PP&L customer Mrs. David L. Hall says about electric living:

**"Electricity is the best bargain in my budget—we use 33 appliances for only 43¢ a day!"**

"It's wonderful having the help of 33 electric appliances when you have three lively children to wash clothes and cook for, and to clean-up after. I suppose my big favorites are the automatic washer, dryer and dishwasher, because they give me many extra hours every week for other family projects. And the cost is amazingly low! That's why we put electricity to work as often as we can."

Electric living means modern living to thousands of PP&L customers who, like Mrs. Hall and her family, are using lots of low-cost electricity these days—more and more all the time!
