

## Ione PTA Gives First 4-H Summer School Scholarship

Ione PTA presented the Morrow County 4-H leaders council with a \$25 check this week, making them the first organization to sponsor a worthy 4-H member to the annual 4-H summer school held at Corvallis on June 12-17.

4-H Summer School, held on the Oregon State University campus each year in June, is one of the high lights of any 4-Hers' career, state county agents, Joe Hay and Esther Kirmis. It gives boys and girls a chance to live on the campus with about 2,000 Oregon 4-H members and attend educational classes that will benefit them the rest of their lives.

The county has a quota of 27 4-H members this year. To qualify for this privilege boys and girls must:

1. Be at least 13 years of age on January 1, 1961.
2. Have successfully completed 2 years of 4-H club work.
3. Have completed all projects enrolled in during the 1959-60 year.

Letters have gone out to all eligible 4-H members asking them to submit their permanent record sheet and a recommendation from their local leader if they wish to attend. These are due in the county agent's office by April 15. Boys and girls from Boardman and Irrigon may give their applications to Mrs. E. C. Daniels, Boardman, chairman of the Summer School Selection Committee, in that area.

The 4-H Summer School selection committees in both North and South Morrow will meet on April twentieth and twenty-fourth, respectively, to select Morrow County's quota of delegates. Scholarships in the amount of \$25 will be solicited by a committee of 4-H leaders from farm organizations, service clubs and interested individuals to pay the expense of each delegate. Transportation which will amount to approximately \$11 will be paid by the 4-H member himself.

Mr. and Mrs. H. N. Routh of Kennewick, Wash. spent Sunday with Mrs. Mabel Chaffee.

## Heppner Mayor Tells Of Trip To Nation's Capital

Mr. and Mrs. Al Lamb were among delegates to the largest convention ever held by the National Farmers Union, and its first in Washington, D. C.

Lamb attended in his capacity as a member of the national program committee, representing the states of Oregon and Washington.

The four-day session which ended March 16 was highlighted by addresses from many high officials. The delegates visited the national monuments of Washington, had a special tour of the White House and interviewed various members of the Congress.

The convention adopted resolutions which will govern the farm organization for the next year and heard an address by their president, James G. Patton.

Lamb said that at the convention there was a public pledge of cooperation made between the presidents of three farmer organizations, the National Council of Farmer Co-operators, the National Grange and the National Farmers Union.

The Lambs stayed over and attended the National Grain Dealers convention the following week. They were hosts to Senators Morse and Neuberger and Representative and Mrs. Al Ullman and Congressman Walter Norblad at a dinner in the Statler-Hilton Hotel sponsored by the Grain Dealers Association the evening of March 23.

Between the two conventions the Heppner mayor visited several government officials and attended both Senate and House sessions of Congress.

Jean Kirk, daughter of Mr. and Mrs. Roy Kirk, spent the weekend with her parents here. They drove her to Pullman late Sunday.

Overnight guests at the Robert Abrams home Thursday were his aunt and uncle from Tacoma, Mr. and Mrs. W. F. Mason.

Mrs. Gene Gray and daughter, Florence of Hermiston are visiting Mr. and Mrs. L. E. Ruhl. On Sunday they had a dinner party for Mr. and Mrs. J. J. Hayes and Miss Barbara Baker of Portland.

## H.H.S. Girls Take Part In Tri-State Meeting

Laura Lee Sumner and Beverly Davidson led two discussion groups at the Tri-State Girls League conference held in Pendleton Friday and Saturday. The discussions were on special Girls League projects.

Ten local girls attended the conference with their advisers, Mrs. Roy Kirk and Mrs. Conley Lanham.

About 350 girls from Oregon, Washington and Idaho were present to gain ideas for making their local Girls League projects more successful.

Of interest locally is the fact that Marilyn Foster, well-known here for her participation in rodeos of the past, was this year's president and in charge of the meeting, Mrs. Kirk said.

The conference next year will be held at Yakima.

## Willow Creek Dam Possibilities Outlined

Residents of the Willow creek drainage area will have an opportunity to express their views on a dam on the creek, Ralph Richards, conservationist, told members of the Heppner-Morrow County Chamber of Commerce Monday. Opinions of local persons will be obtained at a public hearing on the dam by Army Engineers following completion of their survey. A taped record of the meeting will accompany the recommendation of the Engineers to Washington, D. C.

Richards said the reason the last survey was not followed through in the mid-1940's was because no indication of the desires of those living in the area was included. He said if people here really want this flood control dam on Willow creek, they have a better chance of obtaining it if they let Congress know their wishes.

Not much chance exists of the dam being multi-purpose, he said. People of the drainage basin are already using about 50 per cent of the run-off for irrigation, and since such a short season exists there is not enough economic value to compensate for the additional cost of making the dam serve for irrigation. Building of the dam would benefit irrigation possibilities by extending the season and holding back the run-off so that it could be used for a longer period of time.

The 1945 report of the Army Engineers following their survey called for a cement dam at the cost of \$2,700,000. Richards said such a dam today would cost about \$6,000,000. Expectations are that the Engineers' report will call for an earth fill dam.

Money for a re-survey for flood control dam on Willow was appropriated by Congress in 1958 and the survey was started last year. Additional funds to finish the project are included in the national budget for this year. As soon as these funds become available the work will continue with the public hearing possibly held late this year.

## Cubs Receive Arrow Points

A Cub pack meeting was held Tuesday night in the Heppner school gym with Cubmaster Gene Hall presiding.

Some of the cubs received gold or silver arrows for extra credits they have earned. Gary Adams received a gold and silver arrow, Billy Wolff and Tommy Cleveland received a gold arrow and Bobby Peck got a silver arrow, all under their wolf badges. Larry Pettyjohn received a gold arrow under his bear badge and Steve Pettyjohn received a gold arrow under his Lion badge.

Den 1 presented a report program on the Indians, past and present who had lived in this area and showed some articles used by them.

The next pack meeting will be April 25 in the gym.

Some of the Dens have been taking trips thru some of the businesses in town recently. Den 1, Terry Peck, Billy Baker, Larry Pettyjohn, and Mark Labhart; Den 4, Chris Labhart, David Hall, John Van Winkle, Tim Lloyd, Ricky Gimbel, and Steve Pettyjohn had an interesting tour through the First National Bank. Going through the Morrow County Creamery were the Den 3 group, Laverne Van Marter, Billy Wolff, Gary Adams, Tommy Cleveland, Bobby Peck, Kevin Dick, Robbie Abrams, Kelly Green, Matt Murray, and Philip Ayers.

Mr. and Mrs. Austin Chaffee of Spokane spent last week-end with Mrs. Mabel Chaffee.

## Mustangs Open Season Against Riverside Pirates

Heppner high diamond squad lost the opening game of the 1961 baseball season to the Riverside Pirates 9-7. Heppner was hampered by errors as they came up with seven and the Pirates had only three.

Heppner started with Mike Healy on the mound and Riverside went with Keith.

In the first inning the Pirates allowed Heppner to get two runs in with Tom Glass and LeRoy Gardner coming across the plate. In the second half of the same inning, Riverside tallied two runs to tie the game up.

The third inning was the big one for the Pirates squad as they racked up four big runs. Heppner could only manage to get two runs in that inning.

In the fourth inning activity cooled for both teams. Heppner got one hit in the period but did not manage to score while Riverside went three up and three down.

Riverside again had a big inning in the fifth when they tallied three more runs. Heppner was still unable to close the gap that the Pirates had already obtained, but they scored two more runs with Omer Huston and Tibbles going across the plate.

In the sixth inning Heppner tallied one more run with Dave Creswick going across and in the seventh Heppner was unable to end with a rally.

In the fourth inning Tom Green relieved Mike Healy on the mound.

The starting lineup for the Mustang diamond squad was: pitcher, Mike Healy; first, Larry Tibbles; second, Dave Creswick; third, LeRoy Gardner; shortstop, Larry Green; outfield, Ladd Dick, Dick Springer, Omer Huston.

## Given Hints For Home Laundry

Today's soap and detergent packages contain enough helpful information to save families as much as \$50 a year in washer repair bills, soap and satisfaction of clean clothes. But the family laundress often does not take time to read them.

When Oregon families spend in the neighborhood of \$15 million a year for new laundry appliances, it would seem worthwhile to learn more about them, believes Esther Kirmis, Morrow county extension agent. Therefore, training was given to extension unit leaders on Friday, March 24, at the Pine City School for their March lesson on "Soaps and Detergents."

Miss Kirmis has found in visits with homemakers around the county that many think of package information as just so much "soft soap." She says this may have been the case a few years ago but now labels on modern washing products list detailed instructions based on research.

Soaps and detergents will be discussed at the following extension unit meeting during the month of March. Interested homemakers are urged to attend: April 4—North Lexington Unit. April 5—Rhea Creek Unit. April 6—Ione Unit. April 11—Heppner Unit. April 12—Pine City Unit. April 13—Irrigon Unit. April 18—Boardman Unit. April 20—Lena Unit.

## Father Of Year Nominations Due

Various youth groups of the county have received blanks to name their choice of Father of the Year. Actual choice of the winner will be made by the Morrow County Cow Belles, sponsors of the contest.

All nominations are to be returned to Mrs. Robert Brindle not later than April 18. A gift is presented the sponsoring group, and their Father of the Year enters state competition to become the state Father of the Year.

Last year's Morrow County Father of the Year was E. Markham Baker, Ione.

Any group who might have been overlooked may obtain the blanks by contacting Mrs. Robert Brindle, Heppner.

## Rummage Sale Set For April 28-29

The Civic League meeting was held at the home of Mrs. Darrell Power to plan the upcoming rummage sale.

This semi-annual event is used to raise money to support the kindergarten in Heppner. For the past three years the kindergarten has expanded to two classes held consecutively in the mornings at the George house and taught by Mrs. Roy Taber.

Co-chairmen Mrs. Calvin Sherman and Mrs. Will O'Hara have appointed committees for the semi-annual rummage sale to be held April 28-29 at the old Central Market building. Mrs. Don Bennett and Mrs. LaVerne Van Marter are on publicity, Mrs. Gordon Pratt, Mrs. Bill Scott, and Mrs. Tim Moore doing the cleaning; Mrs. Jack Healy and Mrs. Phil Blakney on the pricing committee; and the clean-up committee are Mrs. Don Munkers, Mrs. Haskell Sharard, Mrs. Burt Huff, and Mrs. Elmer Berry, and in charge of the clerking will be Mrs. Matt Hughes and Mrs. Marion Green. Those having items to donate to the sale are asked to call Mrs. Barney Malcolm, Mrs. Phil Blakney, or Mrs. Robert Abrams, who will come to your home for the items.

First National Bank of Oregon announced Wednesday a plan for paying daily interest on savings accounts at all of its 86 statewide banking offices. Under the new method of computing interest, which is effective beginning April 1, savings deposits at First National will earn interest from the day of deposit. Interest will be computed and paid four times a year, according to Ralph J. Voss, president.

## New Interest-Paying Plan Developed By First National

Of equal importance is that interest already earned on money deposited will not be lost when part of savings is withdrawn before the end of the quarterly interest period, according to Jack Bedford, manager of the Heppner branch.

Mrs. Homer Wolfington was called last week to the home of her parents in Vancouver, Washington, due to the serious illness of her father.

## HOSPITAL NEWS

Garry Shaffer, Fossil, dismissed; Barbara Erickson, Heppner, dismissed; David Huber, Lexington, dismissed; Rae Stoddard, Condon; Sandra Harshman, Heppner; Iris Van Route, Heppner; Archie Bechtolt, Heppner, dismissed; Berth Dennison, Arlington, dismissed; Sylvia Wells, Heppner; Charles Rawlins, Ione, dismissed; June Spencer, Heppner; Cleora Pflugrad, Heppner; Sheila Healy, Heppner.

To Mr. and Mrs. Pat Cutsforth a 7 pound 15 ounce daughter, Michelle, born March 25.

To Mr. and Mrs. Robert Van Houte, a baby daughter, Susan Lee, born March 30.

## Heppner Residents Lose Relatives

Funeral services for Mrs. Helen Paddock, 60, Sweet Home, were held March 21 in Sweet Home.

Mrs. Paddock was the mother of Mrs. Arlene Wilhelm and Mrs. Betty Wilhelm, Heppner.

Services for Robert E. McQueen, Sweet Home, were held March 22 at Sweet Home. Mr. McQueen was an uncle of both Mrs. Wilhelms.

## Vandalism Must Stop, Police Officers Say

State police report that several farmers in the Heppner area have recently reported the shooting of telephone insulators on farm lines.

They wish to advise the offenders that persons found guilty of this act of vandalism will be prosecuted. Shooting from or across a public road, whether in an auto or on foot, is illegal and officers will commence criminal action against such offenders. Telephone insulators are private property and destroying in any way is punishable by law.

Particularly is this bad because of the necessity of a telephone being in working order in case of illness or fire or other emergencies, officers said.

Parents are asked to explain to their children that this must not be permitted to continue.

PFC Keith Peck, son of Mrs. Jerol Bailey, is home from Fort Ord, California on a 13 day furlough. He will return April 7 for advanced training.
