Students Need Social Security Card

Students who plan to work during summer vacation must have social security cards the same as other workers, according to Vernon A. Welo, district Social Security manager at La Grande, Oregon.

"If a student has lost his card, he should apply for a duplicate card which will have the same number as the lost card. Persons who have name changes because of marriage, or any other reason, should file a change of name form in order to

get a new card with the new name, but with the same social security number," Welo said.
