'Cowbelle Baby' Born in Pioneer Hospital

Baby Leann Irene Lesser, daughter of Mr. and Mrs. Conrad Lesser, who won the annual award of the Cowbelle association for her parents by being born closest to Father's Day, was born at Pioneer Memorial hospital on June 17. The Gazette-Times erroneously reported last week that she was born in Santiam Memorial hospital. This must have non-plussed the parents, who probably did not know where Santiam hospital is located.

To satisfy the curiosity of those who wondered about it, Santiam Memorial hospital is located in Stayton, and it came out in the story by "reflex action" of the new editors who have written of Santiam hospital in such items for the past several years. They express regrets to the Lessers for this slip of the typewriter.

Harbor Expansion Program Approved for Portland!

Recent passage of a 9 1/2 million dollar bond issue in Portland assures continued development of the Portland Public Docks.

This increases to 22 1/2 million dollars the total investment Portland is making in its terminal and cargo handling facilities.

Some of these funds have been used for construction of a giant new bulk unloader which will cut importing costs of ores, ore concentrates and other dry bulk cargoes.

Portland, rallied by its leadership of all Pacific Coast ports in the movement of dry cargo tonnage for the past four years, is moving to further increase cargoes and reduce shipping costs by providing the most modern, time-saving facilities and cargo handling methods.

For information about how Portland Public Docks can serve shipping needs in this area write or call: Sales-Traffic Department, 3070 N. W. Front Ave., CA 8-8231, Portland, Oregon.

If you have only one bed...

put it by your phone

(or vice versa)

Why? Because an extension phone by your bed gives you convenience, privacy and peace of mind. During the day, it helps you save steps, work more efficiently, have privacy when you want it. At night, it provides a priceless sense of security, especially if you're alone. For all that it does to make your life easier, it costs surprisingly little. Like \$1.25 a month plus tax and installation, or \$2 plus for the Princess. That's why we say, *you're never alone with a bedroom phone.* (And vice versa.)
