## Portland Host City For Japan-American Meeting

Portland, Oregon will be host city for the Sixth Japan-American Conference of Mayors and Chamber of Commerce Presidents to be held Sept. 17-21.

The conference, which promotes mutual understanding and friendship through free discussion and studies of common problems, is of great importance to all areas of the Columbia Basin and the Inland Empire because of its bearing on the free flow of commerce between Japan and American port cities.

Representatives from Oregon, Washington, California, Idaho, Hawaii and Alaska, as well as 19 Japanese cities, have been invited to attend.

Held every two years since 1951, the conference met last in Osaka, Japan in 1959.

This will mark the first time that Portland has been host city and is recognition of the major role played by this major world seaport as distribution center for the vast Columbia Basin and Inland Empire.

## Non-Surgical Method Cures Hemorrhoids Painlessly

A relatively painless, non-surgical method of treating hemorrhoids (piles) is working therapeutic miracles for thousands who suffer from rectal and colon disorders.

A recently developed electronic treatment is proving more effective than surgery, with none of the after effects of surgery.

The relatively new technique requires no hospital-

ization or confinement. Patients show marked improvement almost immediately, and uncomplicated cases can be frequently corrected in as little as 10 days.

Further information without obligation may be obtained by writing the Dean Clinic, Chiropractic Physicians, 2026 N. E. Sandy Blvd., Portland 12, Oregon.
