Here's what PP&L customer Mrs. Art Johnson says about electric living...

"Electricity does more to help us live better than anything else we buy"

"When I think of the many, many ways electric appliances work for us, I really appreciate the big value we get from our electric service. My dishwasher alone saves me hours of time every week as do my washer and dryer. And I'm thankful to have that extra time to devote to family and to civic activities. When you count up all the jobs electricity does for us, you can see why I call it our biggest value."

Like Mrs. Johnson, thousands of Pacific Powerland home-makers are finding more and more ways to put PP&L electricity to work for better living these days.

Be sure you're enjoying the full benefit of your PP&L electric service. See the many modern appliances at your dealer's soon.
