

Children Subject Of Class Study

About ten pre-kindergarten children have been getting a sample of things in store for them when they start to kindergarten.

Home Economics students of Mrs. Grace Schmidt have been conducting a nursery school recently between 10 a. m. and 12:00 noon in the Home Economics room. The room had been converted into a regular small child's dreamland. Dolls, buggies, horses, books, records, special exercise equipment and many other toys fill the room. Each child had a necklace carrying his or her name and a special drawer for his belongings.

A regular schedule of activities was followed each day, with the advanced class conducting the play. While a part of the class supervises the play other members select one or two of the children to study and observe. This program gives the girls an opportunity to understand the problems of small children and to secure information through first-hand experiences.

Bridge Being Rebuilt On Lexington Road

A bridge in Lexington on the cemetery road is being rebuilt this week, and traffic is being detoured around it. County Judge Oscar Peterson said.

County workmen are doing the job and the project is a cooperative one with the City of Lexington. It is expected to take about a week to finish the project.

Mr. and Mrs. Max Harris were vacationing and doing some fishing at Magoon Lake last week.

Week-end guests of the Riley Munkers recently were Mr. and Mrs. Chuck Simms and son, Bob, Arlington.

Mustangs Blank Cardinals, 9-0, In Game Here

Ken Smith gave up only two hits to the lone Cardinals in a high school baseball game at Heppner April 19 as he pitched the Mustangs to a 9-0 shutout victory.

The win gave the Heppner nine a season's record of three wins and three losses at the time.

In notching the win, Smith struck out four and issued only two walks. Rollie Ekstrom went the distance for lone and except for one bad inning—the second—pitched good ball for the losers.

Disaster struck for the Cards in the fateful second when the Mustangs scored seven runs. Four hits and four errors figured in the run spree. Smith and Carl Bauman both got on via errors and Dick Springer brought them in with a single. Shan Applegate was safe on a fielder's choice. Bill Cox made first on an error and then LeRoy Gardner punted a single to score Applegate and Cox. Rodney Ayers also reached first on an error and Ladd Dick connected on a single. Springer, on his second time up in the inning, smacked a double and got three RBI's on it, bringing in Gardner, Cox and Ayers.

Ken Nelson and Tom Pointer each hit safely for lone. The Cardinals just missed counting a run in the fourth when a base-runner was cut down at home on a perfect throw from Gardner to Springer.

Leading hitter of the game was Springer with two in four trips.

The Mustangs are playing Condon here today (Thursday) and Umatilla here Tuesday.

Spring Music Concert Slated For May 18

A special spring concert is planned for Friday, May 18, by combined students of the Heppner High school band, high school chorus and the grade school chorus and the grade school honor band, at 8:00 p.m.

The special funds raised from the concert go to help with the scholarships offered for students attending the Music Summer Camp at Washington State University, and for the scholarship offered to graduating seniors who plan to enter colleges in September.

Mr. and Mrs. John Rogers visited in Portland during the Easter holiday with Mrs. Rogers' brothers and families.

HEADING the Milton-Freewater Professional Stage Show, slated for May 12 at 2:15 and 7:15 in the Mac HI auditorium, is Jack Benny's Sportsmen Quartet. The two-hour show will also include acrobatic acts, trained animals, and comedian stars of radio and TV, and is designed to provide entertainment for all ages. A special rate for children up to the 8th grade is available for the afternoon show; tickets for the evening performance are on sale in Milton-Freewater. The stage show is one of the highlights of Milton-Freewater's 19th annual Pea Festival, May 10-12.

Judy Schmidt Places First In Law Contest

Judy Schmidt, daughter of Mr. and Mrs. Elmer Schmidt, was awarded a \$25 savings bond as first place winner in the sixth judicial district, including Umatilla and Morrow counties in the Law Day editorial contest. The title of the editorial was "Law—Wellspring of Liberty."

The editorial was published in the April 4 issue of the Heppner and was given the first local award before being entered in the Umatilla-Morrow contest. Also, in observance of National Law Day, May 1, Robert Abrams, district attorney of judicial district number 6, spoke to Heppner High school students at a special assembly this week, stressing the importance of laws in our country. Law Day corresponds to the Soviet May Day. On this day in the Soviet Union the Russian military is paraded. In a quieter and more meaningful way our country, the reasons for our laws and the special observance of law enforcement are stressed on this day.

Students Reminded Of Social Security Card Needs for Work

Students who plan to work during summer vacation must have social security cards, according to Vernon A. Welo, district Social Security manager at La Grande.

"If a student has lost his card, he should apply for a duplicate card which will have the same number as the last card. Persons who have name changes because of marriage, should get a new card with the new name, but with the same social security number," Welo said.

When applying for a job the student should be sure to show his social security card to the new employer as he must have the student's correct name and social security number on his payroll records.

Application forms for new cards, duplicate cards, and change of names can be obtained at post offices or the Social Security district office at 1108 J Avenue, La Grande, Oregon.

Annual Eighth Grade Banquet Set May 19

Heppner eighth graders will be honored May 19 with a banquet and dance in the Catholic parish hall. This annual event is sponsored by the mothers who prepare and serve the food and chaperone the dance.

Students help with the decorations and committees are organizing to work out the details. The banquet starts at 6:30 with the dance from 8 to 10:30.

Mr. and Mrs. Phil Blakney and family, Prosser, Wn., were week-end visitors in Heppner. They attended the Elks' family night Saturday and were guests of the Barney Malcoms and Bob Brindles.

Want Ad Works; No More Bowls Needed

"Please take my ad out. I have all the butter bowls I can use and more calls coming all the time," said Mrs. Clint McQuarrie in a telephone call to the Gazette-Times Wednesday.

She had advertised in the classifieds for an old-fashioned wooden butter bowl, and she was "bowled over" with the results. Convinced that the want ads reach a large audience and bring results, she said that she would try again sometime when she needs something.

Over The Tee Cup

By DEE GRIBBLE

On Easter Sunday after the kiddies had their many egg hunts, mother had the ham dinner served, and Easter was all settled, many met at the golf course to see what the Easter Bunny had in store for us.

We were very pleased to have 23 golfers playing, Grib nearly parred the course, finishing with a 32 (two over). Bev Gunderson is a very versatile player—she teed off on No. 3, hit the rocky bluff, dropped her club and neatly fielded her ball at the tee.

Hear that Bert Corbin played with a practical joker (Chuck Sims) who slipped him a plaster of paris golf ball to hit across the creek. He surely "plastered" that ball—all the way.

Judge and Juanita Carmichael have a new arrangement at their house. He is to learn the game of bridge and she is to develop her golf game. After her first try Sunday, Juanita thinks teaching school a cinch. Keep us posted on how the bridge lessons go, Juanita.

Many gaily colored eggs were on hand (thanks to Barbara Gribble) and refreshments were the work of Ed Gunderson and Grib. Thanks again, fellers. As I say so many times, many hands make light work.

Now last Tuesday was another thing. Helen Schaffitz went to all the trouble to see that everyone had coffee or punch, but the weatherman got his "punch" in and we had to quit. We were delighted that our good editor gave his gal, Helen, time off to play with us for the first time this year. Make it a habit, Helen.

Kay Anderson, Kay Robinson, Bebe Munkers, Jan Agee, the two Helens, Sherman and Schaffitz, LaFyrne Pratt and myself were the eight that tried to play, until the weatherman took over.

On Ladies Day this week, eleven golfers took their chances and enjoyed the May Day which combined a little sunshine, rain, and smoke with some fun in playing our nine holes.

Welcomed to our group for her first game was Rita Wolff. Tired but victorious, she got an award for most putts. Hazel Mahoney and I tied for least strokes on No. 5, with Hazel calling the flip of coin and winning the ball prize.

Clint McQuarrie was a busy guy replacing the old flags for new fiber glass yellow ones, a gift of the ladies (through a penny-a-putt campaign.) Ladies that are taking lessons are surely using their knowledge to improve their game. Playing Tuesday were Kay Robinson, Kal Healy, Donna McCurdy, Rita Wolff, Hazel Mahoney, Helen Schaffitz, Jan Agee, Corkie Nonene, Roberta Dougherty, Marie McQuarrie and myself.

Don't forget, gal golfers! Tuesday, May 8, we entertain Kinzia Tee off at 10 a. m. Let's show up and show them the old Heppner hospitality!

Mrs. R. E. Rice accompanied Mr. and Mrs. Edward Rice, Seattle, to San Francisco, Calif., where they attended the wedding of Eleanor Rice Friday.

Travelers Return From Trip South

Miss Leta Humphreys, Mrs. J. O. Turner and Mrs. Bertha Hunt returned April 18 from a five-week motor trip down the Oregon coast to California, where each visited friends and relatives in the Los Angeles and San Francisco areas.

Mrs. Turner was a guest in the home of her sister and brother-in-law, Mr. and Mrs. Raymond Ferguson at Santa Maria, Calif., and also with her niece and family, Mr. and Mrs. Robert Kelly.

Mrs. Hunt spent the greater part of her time with her son and family, Mr. and Mrs. Donald Hunt in Garden Grove, Calif.

Miss Humphreys visited a close friend, Lena Newton, at her home in Redondo Beach, Calif., and was given a thorough sightseeing tour through San Francisco by her sister, Miss Evelyn Humphreys, who has lived there for the past 25 years.

Mrs. Turner and Miss Humphreys were guests in the home of Mr. and Mrs. Tom Walters (the former Meredith Thomson) at their home in Canoga Park, Calif. Mrs. Walters is teaching in the public schools nearby and her husband is pharmacist in his father's drug store.

Many points of scenic interest were enjoyed. They returned the inland route and found weather perfect for traveling, capturing many memorable sights in pictures.

FBLA Elects Officers, Name State Delegates

Diana Fulleton was elected president of the Heppner chapter of Future Business Leaders of America for the coming year at the club's meeting last Wednesday. Other officers elected were Leland Carlson, vice-president; Mary Johnson, secretary; Bill Cox, treasurer, and all Hoskins, historian. The new officers will be formally installed in May.

Diana and Mary were also chosen to represent the group at the state convention on the Oregon State University campus May 11 and 12. Diana and Janet Struckmeier will participate in the state spelling contest at the convention.

Seniors chosen to attend are Beverly Blake, Ronnie Belma, Sandra Richards and Julie Pfeiffer.

Accompanying the group will be the FBLA adviser, Mrs. Bernice Struckmeier.

KitchenAid gave us Mom for Mother's Day!

We gave her a KitchenAid portable dishwasher... and we got Mom back where we want her, with us! She doesn't have to spend the after-dinner hour in the kitchen anymore. We just load everything into our new KitchenAid portable, press the button, and we've done the dishes. We spend the extra time together—enjoying each other.

And you should see how sparkling clean and dry our tableware comes out. Even tough, dried-on foods can't resist the revolving power washing-action. We even put our best stemware and crystal in—it's perfectly safe. And what capacity! It holds a complete dinner service, including pots and pans. Best of all, if we move we can take our KitchenAid portable with us.

Why don't you come down and see a demonstration... learn how economically you can own the very best dishwasher. Then you'll know why KitchenAid is the finest Mother's Day gift there is—for the whole family.

- adjust on the job to fit any step, porch, stoop, patio, etc.

Come in and see what Versa PHOS-FUSED Wrought Iron can do for your home, inside and out.

OLIVER CRESWICK

Your Present Assessor SOLICITS YOUR VOTE FOR

Morrow County Assessor

On The Republican Ticket

HERE IS MY PROGRAM:

1. Return as much as possible of exempt lands and property to the tax rolls.
2. Assess lands and property in Morrow county on a fair and equitable basis.
3. Conduct the Assessor's office as efficiently and economically as possible.

Having been in business in Morrow County for 13 years, I am aware of the interdependency of business and farming for their Mutual Welfare.

I believe in Morrow County and its future and am staunchly in favor of progress in the county. I believe that any new developments in the county should be assessed fairly and equitably, without either concessions or penalties.

(Pd. Adv. By Oliver Creswick, Heppner, Ore.)
