DOUBLE RETURN
from these REA loans

Americans are getting a better-living bonus — plus their money back — from Rural Electrification Administration loans.

In the first place, Rural Electric Systems already have repaid nearly \$1 1/2-billion in principal and interest on their \$3 1/2-billion in REA loans. And their repayment record is 99.998% perfect — one of the finest in the history of banking.

Nearly 1000 Rural Electric Systems — mostly cooperatives — have invested these funds in 1 1/2-million miles of line and other facilities. Today nearly 17 million rural Americans, who found no other practical way to obtain electricity, depend on these rural systems for light and power.

Secondly, the Rural Electrification program has benefited all Americans:

- HIGHER RURAL LIVING STANDARDS — MODERN HOMES, BETTER SCHOOLS AND CHURCHES.
- MORE HEALTHFUL CONDITIONS FOR BOTH TOWN AND COUNTRY — A CENTURY OF PROGRESS IN JUST 25 YEARS.
- ABUNDANCE OF HIGH QUALITY FOOD FOR EVERYONE.
- GROWTH OF NEW INDUSTRY IN MANY REGIONS.
- DISPERSAL OF VITAL NATIONAL DEFENSE INSTALLATIONS.
- LEADERSHIP IN RURAL DEVELOPMENT TO BUILD A STRONGER AMERICA.
- CREATION OF A NEW MULTI-BILLION DOLLAR MARKET FOR ELECTRICAL PRODUCTS.
- NEW JOBS, NEW PAYROLLS FOR MILLIONS IN AMERICA'S CITIES AND TOWNS.

This double return makes REA loans to rural electric one of the best investments our government has ever made. That's why we say rural electrification is good for all Americans.
