

You Can help put down a threat to freedom

Uncle Sam has had some pretty conscientious help in the "freedom department" over the years.

Some of the best-known contributors were an expert horseman named Revere . . . a group of amateur stevedores who made iced tea in Boston Harbor . . . and a party of revolutionaries who created an unspittable nation under the shadow of a cracked bell.

Today the freedom which those patriots won for us is being challenged. And freedom will always need brave men to defend and preserve it. Men and women, like you.

You can do your share toward defending freedom by buying United States Savings Bonds today. The dollars you invest this way go right to work for your country now, as well as for your future.

How about buying a \$50 Savings Bond (the most popular size) next payday? The cost is only \$37.50.

Best known for his midnight ride to Lexington, famous patriot Paul Revere also designed the first Continental currency, the first official seal of the Colonies, and the state seal of Massachusetts, still in use today.
