Groups Asked to Prepare Booths for County Fair

By ESTHER KIRMIS
Is your organization planning on a booth for the Morrow County Fair August 21 to 25? Eight groups have already signed up. There are 16 of the new 6 x 4 x 6 booths and four large commercial booths. If necessary some temporary booths can be set up along the northside of the inside row of booths. Mrs. Glenn Smith, fair secretary, has set up a listing of boothmakers in the county a-

gents office and urges that you call there for your reservations. (676-9642)
There will be no theme set up for the fair this year, which will leave your imaginations go in any direction to tell your story to the public.
In planning a booth Dwight Fairbanks, OSU visual aids specialist, gives the following five steps:
1. To whom are you talking? (Homemakers, farmers, prospec-

tive members?)
2. What do you want to tell them? (Best to stick to one single subject.)
3. Put your message into words. (Use catchy slogan.)
4. Visualize the idea. Here's where you illustrate the message.
5. Sketch a plan before you build. (Don't wait until you get to the bare booth before you decide how it will be.)
"A well designed exhibit,"

states Fairbanks, "has a center of interest, is balanced in form and color, and is simple — has only one idea."
We have a bulletin, "Planning a Community Fair Booth" put out by the Pacific Northwest Cooperative Extension that outlines these steps in more detail.
If you're on the booth committee for your club, why not stop up to the county agent's office for your copy?
