Exams Urged Now For 1st, 9th Graders

Oregon School Law requires all incoming first and ninth grade students to have a pre-school physical examination and to present the completed form at the beginning of the school year, according to Morrow County Public Health Nurse Velma Glass.

The yellow "Oregon Pupil Medical Record" forms may be obtained in the offices of local physicians, the Morrow county health department or the Morrow county schools.

Parents are urged to have this examination done as soon as possible so that any defects may be corrected, immunizations and tuberculin tests can be completed and vision and hearing checkups can be done thor-

oughly. Birth certificates (required only for first graders) application forms are available in the health department office and will be mailed upon request. The health department telephone number is 676-9911. Or the birth certificate may be obtained by writing directly to the Vital Statistics Section, Oregon State Board of Health, P. O. Box 231, Portland 7, Oregon. A photocopy of a record is \$2.00. Checks should be made out to the Oregon State Board of Health and the accompanying letter should give the full name of the child, the date of birth, place of birth and the name of the parents. Order now and avoid the last minute rush.
