

## College Registration Open Until September 24

Student applications will be accepted at Blue Mountain Community college, Pendleton, until September 24, R. Phillips, in charge of the technical area at the college, said on a visit here last week.

Registration is scheduled for the week of September 17 to 24, but applications will be accepted until the conclusion of that time. Placement, testing and orientation will be included in the activities of the first week, he said.

Accompanied by Bob Christianson of the technical faculty, Phillips was in the southern part of Morrow county to point out what services the college may offer and to determine what the people want that the college may provide.

Adult classes may be arranged for any groups of 12 or more. These may be in college algebra, electronics, physics, mechanical drawing, business or technical areas where enough interest is shown. Classes could be one or two nights per week with sessions of from 1½ to 3 hours.

For those adult classes where sufficient interest is shown to warrant an instructor coming to a particular locality in the 2-county district for classes, this may be arranged, Phillips said.

The Howard brothers of Heppner, Eddie and Tom, will be among the local students attending the college in its first year as a community college. Eddie, a graduate of Heppner High with the class of 1962, will take an electronics course, and Tom will be in automotive. They are sons of Mr. and Mrs. Herman Howard.

Major areas offered at the college this year are: Electronics, civil and structural engineering, mechanical (automotive—body and fender—machine shop), business (general business, accounting, bookkeeping, stenographic).

The college is located in the old vocational building of the John Murray school with the entrance on S. E. Third Street, and automotive shops are in the old OGW warehouse on S. W. 2nd and Railroad.

Visitors are welcome and are encouraged to come and look over the facilities. The faculty is anxious that as many people in the district as possible become acquainted with the college.

There are 15 on the faculty, including Bob Hawk, director; Jim Hinds, in charge of the mechanical area, with instructors including Cecil Brown, Ted Moore and Bob Goss; Phillips, in charge of the technical area, with instructors including Bob Larson, Bob Christianson and Willard Staley, the latter formerly Heppner High teacher; Mrs. Rae Everitt, in charge of the business area, with instructors including Mrs. Shirley Hawkins, Mrs. Betty Berg and Miss B. Hale. Lennis Nash is in charge of evening adult classes.

Catalogs are available by writing Blue Mountain Community college, Pendleton, and more information may be obtained by contacting the director.

### Two PTA's Sponsor Deer Horn Contest

Heppner and Lexington PTA's are sponsoring a Little-Big Horn contest with tickets to be purchased prior to the opening of deer hunting season. Holder of the biggest set of horns at the end of the contest will receive a Remington 3006 automatic rifle. The hunter with the set of smallest legal-sized antlers will win a pair of 7x30 binoculars.

The dollar tickets are on sale now at various businesses in Heppner and Lexington and at the three checking points, the Chevron stations in Ione, Lexington, and Heppner. Those wishing to take part in the contest must purchase a ticket before midnight September 28 to be eligible for the prizes.

Assisting contest co-chairmen Mr. and Mrs. Gene Orwick, are Mr. and Mrs. Bert Huff, Mr. and Mrs. Bill Sowell, and Mr. and Mrs. James Myers, members of the Heppner PTA Ways and Means committee.

### 4-H Meet Set

A meeting of the 4-H Hoof and Horn livestock club has been called for Sunday, September 16, at 2:00 p.m. at the Howard Pettyjohn home. All members are asked to bring their record books for additional help to close them out for the year.

"A WHIMSEY FOR MY LADY" was the title Jean Stockard, 16, Heppner, chose for her individual 4-H home economics demonstration at the Oregon State fair in Salem. During her demonstration she showed how to make a hat. Miss Stockard also competed in the clothing judging contest.

### Retarded Child Plan Initiated By School Board

(Continued from page 1)

bid was accepted. Other bidders were Richfield, Union and Standard.

Bid of Standard Oil on regular gasoline for the district was accepted at 21.19c at Irrigon and Boardman and 21.49c at Ione and Heppner. Other bidders were Shell Oil, Richfield and Union.

Mrs. Esther Anderson reported for the committee of five directors who looked over possible sites for Riverside High school at Boardman and Irrigon and said that after spending a full afternoon reviewing the sites, the committee decided it would have to have further information before a decision could be made.

A meeting has been scheduled in Walla Walla with the U. S. Army Corps of Engineers Monday, September 17, at 1 p.m. in an effort to obtain some additional information needed. All but two directors of the district are on the committee. Directors Bob Sicard and Harvey Warner, representing Boardman and Irrigon, are not on the committee but they, too, have been invited to make the trip to visit with the engineers.

Administrators Don Olmscheid, Irrigon; Ron Daniels, Riverside; Gene Harryman and Leonard Herrick, Ione; Hillard Brown and Gordon Pratt, Heppner, reported on opening of school in their respective towns and all reported no problems. Enrollments are slightly up in some of the schools and somewhat down in others.

Reisch, reporting on transportation, said that more than 600 students are attending school by bus with 22 drivers and vehicles, as well as six contract drivers. Buses travel 1500 miles per day, or 7500 miles per week. This figures out to be some 30,000 miles per month. It is expected that Reisch will have a report on costs and mileage each month in his capacity as bus supervisor.

Quotations are now being sought on anti-freeze. Reisch said, and dealers will also be asked to submit prices on tires.

The board discussed at some length the matter of providing

### Four Local Girls Attend St. Paul's

Three local girls and one who just moved from Heppner, are attending St. Paul's School for Girls this year at Walla Walla. Wn. Meridy Webb, who moved to Walla Walla with her parents, Mr. and Mrs. Paul Webb, is attending there.

Mr. and Mrs. Alvin Bunch took their daughter, Sharon, to the school Saturday and she entered as a junior in high school. Also entering as a junior was Ginny Turner, daughter of Mr. and Mrs. Don Turner, who, too, made the trip.

Mr. and Mrs. Barton Clark took their daughter, Nonda, to the school Saturday to enter the eighth grade.

Gerald Bunch, son of the Bunches, will go to Corvallis Saturday to register in engineering as a sophomore at Oregon State College.

for activity buses. Director Fred Martin pointed out the necessity for establishing definite criteria to provide for the runs so that it would not "get out of hand." It was suggested by Supt. Robert Van Houte that one criterion might be that at least five students must go to the end of the run before it would be established. A motion was passed that an activity bus be provided for Heppner to Lexington, provided it meets the established criteria. Activity bus runs will be subject to board approval and must meet the financial capacity of the budget, it was decided.

An activity bus already is operating at Irrigon and Boardman, and Administrator Gene Harryman at Ione said that no particular demand has been evidenced for such a bus between Ione and Lexington.

The board voted to call for bids on bus repairs after some discussion as to how the bids should be phrased. Van Houte said that some dealers had told him that they preferred to work only on buses of the makes that they handle. This matter will be explored more fully before the bids are received.

It was pointed out that terms of budget committee members Warren McCoy of Irrigon and Dr. Wallace Wolff of Heppner are expiring, and new members should be considered at once.

### HOSPITAL

Patients admitted to Pioneer Memorial hospital this week are: Shirley Palmer, Heppner; Ethel Lane, Heppner; Georgia Perry, Condon; Merrill Reddick, Heppner; Mildred Hanna, Heppner; Deloris Sheldon, Kinzua; Ellen Rickels, Lone Rock; Lynn Liebe, Pilot Rock; and Mabel Heath, Heppner.

Those dismissed for this same period were: Karen Woods, Kinzua; Rene Toll, Heppner; Vernon Christopherson, Olex; Chris DeSpain, Ione; and Larry Padberg, Lexington.

Mr. and Mrs. Marvin Way, Lexington, are the parents of a 6 lb. 13 oz. daughter, born September 7. The young miss was named Lou Ann.

Mr. and Mrs. Eldon Pace, Fossil, are the parents of a son, Glene Ray, born September 11 and weighed 7 lb. 13 oz.

Mr. and Mrs. Alvin McCabe are the parents of a son born September 11 and weighing 7 lb. 2 oz. He was named James Daniel.

### Coffee Compliments Kennewick Visitor

A coffee hour was enjoyed at the Genia Huston home last Thursday afternoon honoring Mrs. Elma Hiatt of Kennewick, Wn., who was visiting Mrs. Huston through the week.

Seven women were present and the afternoon was spent in visiting and reminiscing. Those present were Kate Thompson, Mrs. Reid, Mable Chaffee, Ethel Zelmantz, Della Scribner, Emma Drake, Pearl Devine, Rachel Harnett, Emma Jones, Nora Neil, Ellen Moore, Marvel Jones, Blanche Barlow, Gertrude Parker, Alice Luttrell, Mae Gilliam, Mrs. Hiatt and Mrs. Huston.

### Cards to Travel For Grid Opener To Culver High

Last year's state B-2 football runners-up—the Ione Cardinals will travel to Culver Friday for their opening game of the 1962 season and the non-league contest is due to start at 2 p.m.

Coach Glenn Biehl, who lost such stars as Wayne Hams, Ken Nelson, Jerry Davidson, Joe Palmer and Tom Pointer by graduation, has juggled his team considerably in early practices to fill the big gaps.

Ron Crabtree, outstanding end last year, is at the quarterback spot this year replacing Hams. Les Madden, guard on the Morrow-Umatilla champion team in the 1961 season, has been moved to halfback. Both of these men are seniors. Jim Martin, also a senior, may see some duty at halfback from his regular end position.

Other senior veterans who probably will hold to their familiar positions are Marvin Padberg, guard; Gary Morgan, center; and Rollie Ekstrom, end.

Some bad news hit the team this week when Crabtree dislocated a wrist and is out of practice for the week. Whether he will get to play in the opener was still uncertain at this writing.

Seniors coming out for the first time this year are Bill Akers, guard; and Mancel Townsend, center.

Junior lettermen back include Tom Heimbigner, end, and Ken Klinger, halfback. Two more juniors who did not turn out last year are Steve Lindstrom and John Rea, both guards.

Two sophomore lettermen are Joe Halvorsen, guard, and Bob DeSpain, halfback.

Adding substance to the squad is a good contingent of freshmen, including Bob Crum, Mark Halvorsen, Jay Ball and Tim Tullis, all backs; John McElligott, guard; and Joe Hausler and Mike Palmer, ends. Robert Emert is manager.

The Cardinals have a six-game schedule, but they do not open at home until October 5, after two games away and one week-end idle. Four of the contests are league games, beginning with the battle with highly-rated Riverside at Boardman at 2:30 on September 25.

First home game will be with Umapine at 2:30 October 5, and then the Cards take to the road again to meet Helix there at 2:30 October 19. Echo is at Ione on October 26, also at 2:30. All of these games are league contests.

Final game is set with Wishram at Ione on November 2, at 2:30, a non-conference tilt. Coach Biehl feels that success of this year's Cardinal squad

### Episcopal Church Sets Annual Fall Meeting

The annual meeting of All Saints' Episcopal church will be held during the 10 a.m. service Sunday morning, September 16, it is announced by the Rev. C. Bruce Spencer, pastor.

A potluck luncheon will follow in the parish hall, and members are asked to contact Mrs. Clarence Rosewall, chairman, for any questions on planned food. The pastor expresses a desire for all members to make an extra effort to attend the important meeting and fellowship hour.

### Mr. and Mrs. Walter Edger

returned Friday after a two-weeks vacation trip to California and return via the Oregon coast. They went to Lake Tahoe and enjoyed it there, although found it crowded. They also went to Yosemite National Park for three days and were impressed by everything but the shortage of accommodations. They returned north via Redding and Red Bluffs before going west to hit highway 101 to come up the coast. New stretches of Oregon highway made this a very pleasant and enjoyable drive despite the patches of fog encountered in the mornings.

depends on how the backfield "jells." They have been working on timing and ball handling with the lineup juggled from last year.

He feels that Culver will give them a tough ball game. Last year the Cards downed them, 35-21, in a hard battle. Riverside looks good to the Ione coach with good size and experience.

### Hearing Tests Set In County Schools

Morrow county school children in grades 1, 3, 5, 7 will receive hearing tests September 21 through 26. Children in other grades, including high school will also be tested if referred by the teacher. The puretone audiometric tests are given by a trained audiometrist from the Oregon State Board of Health and is a routine yearly service offered to our schools. Mrs. Velma Glass, public health nurse said.

A total of 486 children in Morrow county in the 1961-62 year with only seven children reported with hearing losses. This was an approximate incidence of 1½% hearing losses which is considerably lower than the state average of 4%.

Some of these children went to their family physicians for care and others attended a State Board of Health sponsored otologic clinic for further examination and were then referred to their physicians with recommendations (from the ear, nose and throat specialist) for treatment.

### Auxiliary To Meet

A meeting of the Pioneer Memorial hospital auxiliary has been announced for Monday evening, September 17, at 7:30 p.m. in the jury rooms at the county courthouse. Important business matters will be discussed and Mrs. A. G. Pieper, president, urges all members to be present.

## TO OUR CUSTOMERS IN THE HEPPNER, OREGON AREA

Our Sales and Repair Agency is closing on Sept. 15 but Montgomery Ward will continue to serve you by direct mail. The same high quality merchandise, the same low, low prices, the same big, more-than-100,000-item selection are still yours at Montgomery Ward. Send your orders direct to the Portland Mail Order House where they will receive our immediate attention.
