CARD OF THANKS
 I would like to express my sincere thanks to those who remembered me with cards and flowers during my recent illness and for the other kindnesses extended me, especially by the hospital staff and doctors.
 Rose Marie Stroeber 37-c

CARD OF THANKS
 We wish to express our heartfelt appreciation for the many acts of kindness, cards, and floral arrangements received during Ambrose's illness. We sincerely appreciate the excellent care given by the entire staff at Pioneer Memorial hospital. Many, many thanks to all.
 Ambrose and Marguerite Chapin 37-p

CARD OF THANKS
 We would like to take this means of thanking the Heppner Fire Department for their response to the fire in our home. Damage was very slight but could have been much worse had the men not answered the alarm so quickly and efficiently. It makes a person feel secure to know that we have men such as this working on our behalf.
 Mr. and Mrs. Arnold Raymond 37-x

That if any person claiming or asserting under, or by virtue of, any unpatented mining claim located prior to July 23, 1955, any right, title, or interest in the vegetative surface resources and other surface resources, under such mining claim, contrary to or in conflict with the limitations or restrictions specified in section 4 of said act, or any part thereof, shall fail to file in the Land Office of the Bureau of Land Management at 710 N. E. Holladay, Portland 12, Oregon, and within 150 days from the below-stated date of first publication of this Notice, a verified statement which shall set forth as to such mining claims: (1) The date of location; (2) The book and page of recordation of the notice or certificate of location; (3) The section or sections of the public land surveys which embrace such mining claim; or if such lands are unsurveyed either the section or sections which would probably embrace such mining claim when the public land surveys are extended to such lands or a tie by courses and distances to an approved United States mineral monument; (4) Whether such claimant is a locator or purchaser under such location; and (5) The name and address of such claimant and names and addresses so far as known to the claimant of any other person or persons claiming any interest or interests in or under such unpatented mining claim; such failure shall be conclusively deemed (i) to constitute a waiver and relinquishment by such mining claimant of any right, title, or interest under such mining claim contrary to or in conflict with the limitations or restrictions specified in section 4 of the Act of July 23, 1955 (69 Stat. 367), as to unpatented claims located after that date, and (ii) to constitute a consent by such mining claimant that such unpatented mining claim shall be subject to said limitations and restrictions, and (iii) to preclude thereafter, prior to issuance of patent, any assertion by such mining claimant of any right or title to or interest in or under such mining claim contrary to

or in conflict with said limitations or restrictions. Section 4 provides, generally, that unpatented mining claims located after July 23, 1955 shall not be used for purposes other than prospecting, mining, or processing operations, or uses reasonably incident thereto; that such claims will be subject to the right of the United States to manage and dispose of the vegetative surface resources thereof, and to manage other surface resources thereof; and that, except to the extent required for mining operations and uses reasonably incident thereto or to provide clearance for such operations or uses, claimants of such claims shall not use or dispose of vegetative or other surface resources thereof; and that, except for clearance for such purposes, any permitted severance or removal of timber must be in accordance with sound principles of forest management. Said section 4 also provides that any use of the surface of any such mining claim by the United States, its permittees or licensees, shall be such as not to endanger or materially interfere with the prospecting, mining, processing or reasonably incident uses by the mining claimant.
