

Soroptimists Hear Of Student Tour; Plan IFYE Program

Guest speaker at the noon luncheon meeting of the Heppner Soroptimist club next Thursday will be Don Walls, IFYE student recently returned from Honduras, who will speak and show slides of his six-months experiences in the South American country. He will be accompanied by Joe Hay, county agent, who will also present him to other audiences in the county Thursday and Friday.

Featured on the club program last Thursday was Bill Sherman, high school junior and son of Mr. and Mrs. Wes Sherman. Highlights of an 11,000 mile "Student Tour" through the United States were presented through colored slides, showing places of historical interest visited by him and a group of 41 high school students and seven adults. Primary purpose of the tour was for students to see "first hand" places that to many had only been names in a geography or history book. The tour covered a seven-weeks period, from May 29 until July 14 of last year. Assisting Bill with showing the slides was another student, Steve Peck, son of Mr. and Mrs. Kenneth Peck, Lexington.

On January 17, the program topic was "Reaching for New Dimensions—in Citizenship and Leadership." Discussing club material relative to the topic were Mrs. John Pfeiffer, Mrs. Boice Fullerton and Mrs. Jim Thomson, with Mrs. Wes Sherman, program chairman, as coordinator.

Next business meeting of the club, regularly scheduled for the first Thursday of each month, will be advanced to February 14, in order to hear the exchange student on February 7.

Eldon Emrys Feted On 50th Anniversary At Carmichael Home

Mr. and Mrs. Eldon J. Emry of Vancouver, Wn., who were married 50 years ago in Hardman, celebrated their golden wedding anniversary at a recent open house in the home of Mrs. Emry's sister and brother-in-law, Mr. and Mrs. C. C. Carmichael, in Heppner.

Both were reared in Hardman, where they were married and lived until September, 1923, then moving to Vancouver where they have since resided. Mrs. Emry is remembered here as Fannie Leathers.

The Carmichael home was appropriately decorated in the 50-year theme for the reception. A three-tier anniversary cake, topped with miniature bride and groom under a trellis archway, centered the serving table. Golden flowers, ribbons and the number "50" added to its artistic beauty. On each side of the cake were golden candles, bows and bells to complement the table setting.

Mrs. Carmichael lighted the tapers, after which Mr. and Mrs. Emry cut the first piece of cake. Mrs. Owen Leathers, Sr., then cut and served it to the guests. Mrs. Owen Leathers, Jr., was in charge of the guest book and took movies of the occasion, with the assistance of Mrs. J. R. Huffman.

The Emrys were presented many lovely gifts, including a money tree. Many friends and relatives called to renew acquaintances of former days. Coming from other towns were friends from Hardman, Cecil, Monument, Umatilla, Hermiston, Boardman, Condon and Portland.

After the reception, Mr. and Mrs. Emry stayed a few days to visit in the Owen Leathers, Sr., home and with Mr. and Mrs. Vernon Leathers of Lexington.

Mr. and Mrs. Ken Peck, son Steve, Leonard and Don Wiese, and Ron Reid journeyed to Anthony Lakes to do some skiing over the week-end and reported conditions were excellent.

Mr. and Mrs. Joe Privett, Norfolk, Va., spent two weeks here with his parents, Mr. and Mrs. Bill Privett, and family and brother, John, who is a patient in Pioneer Memorial hospital. Joe will leave today (Thursday) to continue his tour of duty aboard the carrier Enterprise. His wife will remain here for a longer stay.

Polio vaccine is not being offered in the school program this year. Parents may check with the Health Department office regarding the polio immunization status of children who have formerly received polio vaccine through the schools. BOWLING BITS

By JO PETTYJOHN

SEVERAL INTERESTING things have happened since last report. For one thing, Joyce Espy says she gives the writer notice to retract last week's statement that Iris Campbell had high series or else! Stand corrected, Joyce had the 465 series and tied for second in the second half of play. Must mention, just in passing that last week Joyce bowled one outstanding frame, two "gutter" balls. She said she was making it easier for the scorekeeper!

THE MEN'S teams will have concluded their Echo city league tournament play Tuesday night, and as of this writing, there are no complete results. A little birdie did say the fellows from here were not too excited about their scores. What's this about Joel Engelman getting "strikes" with the ash can? All of this happened during the tournament!

THE GALS came out last week with some wins and some losses and two of the teams are giving the leaders a race for the lead. MCGG is in third place with an 8-win 2-loss record, one game behind second place sheets and three games behind first place Eagle Valley. Padberg Machinery moved up to fourth spot one game behind MCGG with a 7-win 3-loss record and Turner, Van Marter and Bryant is tied with Burns for fifth with 5 wins and 7 losses.

Lovgren Improving

Dean Lovgren is showing continued improvement in the Good Samaritan hospital, Portland, on his way to recovery following an auto accident near Heppner December 30, his uncle and aunt, Mr. and Mrs. Bob Lovgren, reported after visiting him over the week-end. He is regaining movement in his legs slowly. The Lovgrens also visited Mrs. Bill Weatherford in the hospital and Richard Robison in the Veteran's hospital. Mrs. Weatherford returned to the hospital recently after previous hospitalization in December. Robison was expected to be discharged sometime this week. Also visiting him were Mr. and Mrs. Bob Kilkenny of Heppner.

MCGG TANGLED with Turner last week and came out with three wins against one win for Turner. Vesta Kilkenny, Turner, had high series of 446 and high game of 165. Lois Hunt had high game and series for MCGG with a 438 and 161. Guess MCGG re-instated her to the team! Speaking of MCGG, ask Jo Pettyjohn how to get two chances at the plus without throwing the ball? Easy, just take off on the approach, decide to stop and start over again. You're sure to get a strike. Adds a little excitement! Padberg took three from Echo Hotel to move into fourth place. Vonnie Lovgren had high series of 430 and Fay Ruhl had high game of 154.

THE WOMEN'S city tournament is set for March 6-7 at the Echo Lanes. Any women bowling on the Wednesday or Thursday night leagues may enter in the singles, doubles, all events and as a team. Hope the weather is better by then!

Assessors to Help SDA Get 100% Record Of Cattle Owners

Livestock officials of the state department of agriculture are teaming up with county assessors throughout Oregon to gain 100 per cent record of names and addresses of all cattle owners in Oregon.

The cooperative effort will help the department determine if it is getting the level of vaccination and testing needed to eradicate brucellosis (Bang's disease) in Oregon. In other words, the assessor records will be checked against the department lists to uncover any cattle, either beef or dairy, that are being missed in the cleanup program.

The cooperative effort will have some advantages for assessors, too, says SDA Assistant J. W. Southworth. It will give them a double check on location of herd owners and information on the movement of cattle into Oregon, particularly as it applies to the border areas.

In addition to verification of the herd lists it currently possesses, the department anticipates the assessors' records will provide information on very small herds—one to four or five cattle—possibly not yet located in the brucellosis program.
