**Soil Conservation Meet Draws Crowd**

More than 50 persons attended the annual meeting of the Heppner Soil Conservation district at Lexington Grange hall Tuesday evening.

They heard D. Brant Blanch, Oregon State University agricultural economist speak on Taxes and Resource Development.

He also said that a bill that had been introduced in the legislature to cut personal property taxes would not materially help the farmer because of its definition of the word "inventory" which would mean that much of the farmers' possessions would still be subject to the tax.

Raymond French, chairman presided at the meeting and gave a progress report of the year's activities.

Kenneth Turner gave a machinery report and told of plans to purchase a new gopher-killing machine.

Raymond Lundell gave a financial report and Ralph Richards, conservationist, told of watershed activities.

A motion picture, "Water for a Nation," was shown as an entertainment feature with Roy Tabor operating the projector.

Women of the Grange served refreshments at the close of the meeting.

Mr. and Mrs. Myron Rill and children visited relatives in Elgin over the week-end.

Bob Irby, a graduate of Heppner High school last year, is now enrolled in the Northwestern School of Commerce, Portland, where he is taking a junior accounting course.

He started his studies at the business college January 7, and is living at the YMCA in Portland.

Mr. and Mrs. Loyd Harshman, Dayton, Wn., visited relatives here over the week-end.

## New Knitting Club Organized for Year

We chose for our club name, the "Purl-divers."

We met again February 1 at Mrs. Harnett's house, with all officers present except Pam Hughes and Barbara Payne. Dues were discussed and decided that when we needed money we would bring it.
