

## BOWLING BITS

By JO PETTYJOHN

THE BOWLING gals from here made an excellent showing at the Echo City tournament last week and the men really bowled up a storm to lose only one game among the three teams Monday night! And, of course, as league play comes to a close, more excitement is in the air!

TURNER, VAN MARGER and BRYANT took first place in the tournament with total pins of 2590. MCGG was in fifth and Padberg was in seventh spot with nine teams competing. Vesta Kilkenny (Turner) won first in the singles with a 593 total, Iris Campbell, (Padberg) was a close second with a 589 series, and Joyce Espy (Padberg) took third with a 562. The gals continue their league bowling Wednesday night with Padberg meeting Echo Meat Market; Turner against Sheets, and MCGG tangles with Eagle Valley.

THE FELLOWS from here nearly made a clean sweep of things in Echo Monday night as Lexington Oil Co-op took four from P. G. G. to remain in second spot. "Old Hunt," (Dean, that is) said he got going finally to have high series of 548 while Johnnie Ledbetter came home with high game of 192. Both he and Vern Munkers had a 505 series. The third place Heppner Elks helped their cause as they handed the

Quarterbacks a 4-0 loss. Vern Viall captured all of the honors for the Elks as he had high series and game of 526 and 203! Quite an evening! In other action Bi-County helped their morale as they took three from U. P. R. R. and Bob Kilkenny continues to bowl those high series, this time with a 502. Kenny Turner turned in the high game of 212. They are keeping the cellar warm but can come along to upset the applectart for the leaders! Happy Bowlin'!

Mrs. Mike Saling and daughter, Patty, and mother, Mrs. Lena Kelly, went to Salem over the week-end to attend the annual Willamette University Freshman Gee. Mrs. Saling's son, Renn Harris, participated with the senior class which won second place.

Mr. and Mrs. Joe Hartle and Mr. and Mrs. Walt Jones, Ione, were in Portland for the week-end to see the Jones' infant son who is a patient at Doernbecher Hospital. They also visited with Mrs. Hartle's brothers and their families, Mr. and Mrs. Jim Montague and Mr. and Mrs. Austin Montague.

Mr. and Mrs. Turk Thurber, Lakebay, Wn. were Saturday guests of Mr. and Mrs. Carey Gustaf.

## 4-H MEMBERS FOCUS ON CITIZENSHIP

### Spur Drive For Informed Young Citizens

In an open letter to 4-H Club members throughout the nation, President Kennedy said, ". . . today, a citizenry of all ages—informed and in action—is more important than ever to the strength and welfare of our nation."

And to be well informed and active citizens of the U.S. is the prime objective of 23 million 4-H Club boys and girls. Their theme for the year, "Citizenship in Action" was launched last November during the National 4-H Club Congress at Chicago.

Nearly an entire day was given to a general discussion of what constitutes citizenship in this age of cold wars, exploration of outer space, communication satellites and the like.

Being well informed on social, political and economic issues was the foremost qualification for citizenship stated during the session. Education, understanding and a willingness to assume responsibility also were considered prime requisites for intelligent and effective citizenship.

The two young people shown in the photograph are examples of vigorous, purposeful American citizens. Jacky Strickland, 20, is a student at the University of Florida and 1962 winner of a national 4-H leadership award. Miss Emily Jean Thomas, 19, is a national winner of the 4-H achievement award and a student at Radford College, Virginia. Both received \$400 scholarships.

These 4-H Club members have a long record of initiative, service and dependability. They are

Jacky Strickland and Miss Emily Jean Thomas

well informed citizens active in school, community and public affairs. They have thousands of counterparts in their home states—products of 4-H training and environment.

At a recent 4-H meeting, citizenship was defined as "the unending process of education." This concept ties in to the "learn-by-doing" method applied to all 4-H projects and activities. During a 4-H Club membership that could span as much as 11 years, members steadily add to their knowledge and improve their skills.

Along the way, individual enterprise is recognized and rewarded. Educational trips, special training courses and college scholarships are among the awards.

These 4-H extras have been provided for more than four decades by leading business firms through arrangements made with the National 4-H Service Committee and the Co-

operative Extension Service.

This year nearly \$150,000 in scholarships will be awarded to current and former 4-H Club members by some 50 donors. Among these private business and educational enterprises are: Ford Motor Co. Fund, International Harvester Co., Firestone Tire & Rubber Co., E. I. du Pont de Nemours & Co., Inc., Standard Brands Incorporated, Kerr Glass Mfg. Corp., Coats & Clark Inc., Oliver Corporation, Carnation Company, Simplicity Pattern Co. Inc., Westinghouse Educational Foundation, Hercules Powder Co.

Also, Allied Chemical Corp., Arcadian Products Dept., General Foods Corporation, Allis-Chalmers Mfg. Co., Eli Lilly and Company, Montgomery Ward, John Deere, Sunbeam Corporation, the Sperry and Hutchinson Co., Whirlpool Foundation of the Whirlpool Corporation, Pyrofax Gas Corporation and West Bend Company.

He has a best of 42 feet in the shotput. Dean Robinson as a freshman, ran the 880 in 2:12, an excellent time for a freshman. Bill Weatherford runs the 100, 180 low hurdles and broad jump. His low hurdle time is 22.6.

Larry Muessig and Bruce Spencer with 58 second 440's, John Wagenblast with a 5:12 mile and Mike Lesser in the weight events add experience and depth to the squad. Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1963 1/2 Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

The box score at the left tells the true story...car endurance that takes brutal punishment and comes back for more. No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road-grip, the ease of control, the balanced braking . . . and

all the other things that go into Ford's concept of total performance. These were the same '63 1/2 Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. They're yours now; get behind the wheel and find out for yourself what total performance means!
