\$246,979.00	TOTAL GENERAL FUND EXPENDITURES	\$392,193.25

Engineering Seminar Open to Teen-Agers

Pacific Power and Light Company announced this week it will again sponsor an engineering career seminar for teen-age boys as part of the 1963 Junior Engineers' and Scientists' Summer Institute slated for June 9 to 22 at Oregon State University. Noting that more high school age boys need to learn of the education and training requirements for useful technical and management careers in industry, D. R. McClung, president of Pacific Power, said the utility company will hold the seminar for JESSI enrollees on June 13 at the company's general office and also at the Oregon Museum of Science and Industry in Portland. McClung said every industry shares with the electric utility industry a need for competently trained young people. He said an acute shortage of engineering personnel is threatened unless more boys and girls now in high schools are inspired to seek professional engineering as a career. Parents of boys with aptitudes for science and mathematics were urged to encourage enrollment of their sons in the non-profit JESSI at OSU. The university faculty members conduct a series of orientation classes in nearly 20 fields of science and technology. A similar guidance curriculum for girls is offered by JESSI on June 16-29 at Willamette University in Salem.

Grange Names Committees

Willows Grange, Ione, met Saturday evening for a program and business session at their Grange hall. Due to poor weather conditions, attendance was limited to officers. It was voted to allow \$25 for a 4-H club scholarship, or to help finance an IFFU student as needed. A committee, consisting of Mr. and Mrs. Earl McCabe and Lee Palmer to work in conjunction with the Home Economics committee, Mrs. Art Dalzell, Mrs. James Lindsay and Mrs. Oscar Lundell, was appointed. The purpose of this committee is to investigate the condition of the hall roof and learn costs of materials to finish the basement. To relieve the ladies of the Rebekah lodge of the responsibility, the Grange ladies will serve dinner at noon on May 25 to all persons working in the various community cemeteries. It is a potluck dinner and there will be no charge. Members were encouraged to vote on the coming Wheat Ref-

erendum on May 21, and ballot at the school elections. For the program, Lecturer, Mrs. Berl Akers introduced Don McElligott who spoke on the up-coming school budget, explaining many problems before the voters. Later in the evening, games were played in which the younger set had a part. Prize winners were Harvey Childers, Don McElligott, Oscar Lundell and Lee Palmer. An important committee of the Grange, appointed by the Home Economics club, was the Good Neighbor committee, to work in conjunction with the Maranatha club. Committee members are Mrs. Lewis Halvorsen and Mrs. Berl Akers. The Home Economics club met Friday for an all-day meeting at the home of Mrs. Halvorsen, with Mrs. Hershall Townsend as co-hostess. Mr. and Mrs. Elmer Springer, Hood River, visited last week with her brother and family, Mr. and Mrs. Lincoln Nash.
