## Chamber Urges County Road Work

Resolution urging the Morrow County Court to complete improvement of four miles of county road from the top of the Shaw Creek grade to the Umatilla county line on the road to Ukiah was passed unanimously by the Heppner-Morrow County Chamber of Commerce at its Monday meeting.

The county improved a stretch on the road last year, and the four miles would complete a better road to the east. The Chamber members said that the work would provide better access to the east and points to the south and would be a logical step of development to tie in with proposed improvement of the highway from Arlington through Heppner.

Letter telling of the action was sent to the county court at its meeting Wednesday.
