Irrigon Council Acts On Important Matters

IRRIGON—Mayor Chester Wilson presided over the May council meeting held Tuesday evening. A delegation was present to oppose the recent trailer ordinance passed in April. Discussion was held on the pros and cons of the ordinance, and Mayor Wilson explained the procedure that citizens can use to repeal an ordinance, and commented, "That's why we live in America—if laws are passed that we don't like, we can change them."

Following discussion on the trailer ordinance, a letter was read from Cornell, Howland, Hayes and Merryfield, consulting engineers, pertaining to their surveying the city of Irrigon for a City Water System. Another letter was read written by the Corps of Engineers in Walla Walla for the purpose of arranging a meeting between the Corps and the Council in regard to usage of the land along the river frontage.

Word was received from Mrs. Jaqua, Public Utilities Commis-

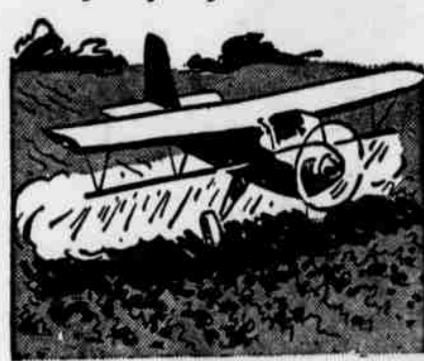

sioner, that there will be a public hearing with the Public Utilities Commission in the old cafeteria Tuesday, June 4, at 10:00 a.m. The purpose of the meeting will be for discussion on the opening of the 6th street crossing. The public is urged to attend this hearing. The city Budget for fiscal year 1964 was approved by the budget committee and the council, and the hearing on the budget will be held at the next regular council meeting. The week of May 19-25 was proclaimed by Mayor Wilson as clean-up week.
