A Few Good Reasons to Shop at Home

Whenever merchants get together, a topic that will come up sooner or later is catalogs and how to combat them. In the old days of poor roads and slow transportation when people didn't get to town often, mail order houses filled an important need. But in these times when most people can get to town most any week they wish, that need is gone. The practice, however, continues to the detriment of every farming community, large and small.

The only reason mail order houses can stay in business is because they make people think that they save money. But when all matters are taken into consideration, mail order firms do not sell for less. That is right. There is no saving even if the mail order price, plus your time, postage and freight are less than the local merchant's price.

Here is one reason why: Mail order houses pay no state, county, city or school taxes. Home town merchants do pay these taxes through property, franchise, income and other levies. If hometown sales drop, there is a decrease in their ability to pay, which means that the rest of the residents in their community must pay more.

Here's another reason: Every time residents of a community go to the catalog or out of their community to buy something that could be purchased locally, they are reducing the inventory of stock and confidence in their community. Carried to the ultimate, should everything be purchased by mail or out-of-town, there'd be no hometown for you.

You draw dividends from every business enterprise in your community because trade builds communities with better opportunities, better schools, churches, and neighbors. There are many hidden values when you buy at home . . . there are no such hidden values in a mail order catalog.

-The Neligh (Nebraska) News

TO THE EDITOR

To the Editor: Dear Wes:

Thanks for the nice manner in which you treated my "flood" story. No doubt our newer generations may tire a bit of having so much of the legendary thrust upon them but to the very oldsters the memories of former days remain so vivid.

Would point out that the great Fireman's Convention and Hose Cart Tournament was held in Heppner in early summer of 1902, bringing representatives 1902, bringing representatives from Dayton, Waitsburg and Walla Walla, Pendleton, The Dalles, Ione, Lexington, Condon and Early Summer of Lexing-ton, is serving aboard the guid-ed missile frigate USS Coontz, a Pacific Fleet unit which re-and wiser youngster, whom we

 dull and in too many cases, very boring. I do hope my native City of Heppner has now relented and is permitting "the heathen Chinee" to once again enter its sacred portals. Ha ha. Sincerely, Art Crawford
 The year 1963 is hearly half gone and no one has passed away in the family line this year will follow 1933.

ONCE WAS a movie made, "Bad Day at Black Rock." Could have been another made Satur-day, "Bad Luck at Lex." for it get up at 2 a.m. on Saturday day, "Bad Luck at Lex," for it seemed as if everything was going wrong down there. Strangely enough, the same doc-tor was called for most all the cases. It isn't quite ethical to mention the M. D.'s name, but he is the same fellow who was trying to umpire at Little League areas in Honner. games in Heppner. First, two youngsters fell out of a swing at the Leonard Mun-kers place, Greggie Paul David-Morrow county's whole en-

kers place, Greggie Paul David-son and Linda Kay Van Winkle. The boy had some stitches taken tourage was a mighty tired— but happy—gang before the day was over. But they brought real honor home with them to the to close up a gash in his head, and the girl seemed to be okay until later when she became ill pride of the entire county. and had to have the doctor, too.

DURING THE school year ended, Ken Jones, 16, was fishing on the same day and stepped from members of the Heppner-Lex-ington OEA. (Oregon Education Association) set about to nombehind a tree just as Valda Irvin, a visiting cousin, tossed a big rock. The rock clobbered Ken inate the Gazette Times for a state OEA award and the editor on the head, and he developed for the state Communications a real goose egg on the noggin for the that brought the doctor out Citation.

One of the requisites of win-ning this award for an editor again. Most serious accident, by far, though, was the one that in-is for the local education assoc volved Ralph Piper in a one-car liation to prepare a scrapbook accident just out of Lex on the that includes contributions to same afternoon. His auto was education by the paper in quesdemolished and he was seriously

injured. They can well say in Lexington teachers had embarked on this project, but hadn't realized the amount of work they put on ton that when it rains, it pours.

HEPPNER'S FLOOD of 1903 not it until the other day when Daronly proved a tragedy for the closely related French, Gurdane and Briggs families, but ever since, years ending in "3" have brought sadness, Opal Briggs re-to present the big scrapbook to us. It contained many of the stories, editorials and articles

in the flood, her older daughter, Mrs. Luella Gurdane (Aunt Ella the family called her), and the

the family called her), and two nieces, Florence French and Eunice Briggs (the latter sister respect. If you have not camped be-fore, it would be a good idea to pack your car or trailer and of Opal's). Since then, in every year end-ing in "3" with the exception of the year of the "double 3"— 1933—someone in the family has died. In 1913, Grandmother French's oldest son, Marquis Grandmother French ded, and in 1953, the great grandson, or the first one of the Taylor fam-ily, Robert Ray Taylor, was call-ed by death. It is of no consequence that spend one or two nights at a nearby camp area. This "shake-down camp" should give you valuable experience in learning both what items are really eshave devoted many, many near-cutting, clipping, sorting, past-ing and compiling that big use them. For beginning camp-ers it might be a good idea to scrapbook. Anita Stockard, Inez Erwin and Lois Kirk (bless their bearts) did a great part of the work, and we extend this be-lated "thank you" to them, to-gether with all others who may family's needs. Many places will permit you to use the rental fee as the down payment if you deed by death. cide to buy. The year 1963 is nearly half have had a hand in it. Other types of pre-camp prep-aration include: Car insurance-

sons on a fishing jaunt to De-troit Reservoir. For Jim Sherman, it was his first trip, and with high excitement and gusto he

Your Home Agent **Camping Season Calls for Family Planning Ahead**

By ESTHER KIRMIS

Camping season is upon us and we're heading for county camps like Cutsforth Park or Bull Prairie; state parks natsuch as fire extinguisher, road flares, tow rope or chain, extra ional forest camps, or national tools, fuses for car lights, gasoparks. How much planning ahead of time should spell the line can, folding shovel, gunny sack, axle jack, wedge for wheels (to keep car from roll-ing) and electric lantern with difference between a relaxing trip out-of-doors or uncomfor-table makeshift living.

Pre-Camp Plans Before leaving home check all electrical equipment, close all doors to keep down drafts and possibility of fire spreading, alert neighbors and police to keep an eye on the house to prevent hurghery or vandalism For many families the plan-ning ahead and selecting camping equipment and supplies can be almost as much fun as camp-ing. First make a list of all the to take your family camping. Divide the list into convenient sections such as (1) shelter, (2) sleeping, (3) campsite essentials, (4) cooking, (5) dining (6) cleanup, (7) clothing, (8) toilet gear, (9) first aid, and (10) There are severe

the family to check it over agent's office, Heppner.

and see if each item is really necessary before trying to pack it all. As packing is done the list can be checked to be sure that no essential is left at home. We knew the Heppner-Lexing-Packing should be done so that shelter, sleeping and cooking gear are put on last. In this way they can be the first items unpacked in setting up camp. If non-essentials are packed on top of the shelter gear it will mean much confusion in un-packing and setting up camp, and in a rain might mean the difference between comfort and

not 1903 as stated in the Ore-gonian of June 9, 1963. A remarkable panoramic photograph ta-ken by Leonard Akers and now on display in the Heppner Museum, showing a street scene of convention activities, clearly defines the old Belvedere Saloon on the corner of Main and Willow, site of the present Humph-reys building, which was erected in the months following the Fireman's Convention, and its up-stairs opera house served as an emergency station for bodies reinadequate for that purpose.

As to the "fictional" ban on the Chinese-that's a new one on me. We must remember that practically all of the Chinese population was wiped out in the flood and many of the Chinese Chinese victims remained un-identified. Surely, if there ever was an official edict banning the Chinese from Heppner fol-lowing the Ah Ling affair as related by the Oregonian and

could not have been in effect very long.

Eddie Chinn came to Heppner not too long after the flood and the Ah Ling murder case, to take over his uncle Ben's restaurant, his uncle having previously suc-ceeded to the ownership of the Elkhorn Restaurant from the cream flavors will be available add that Eddie, who was one of God's gentlemen, had several Chinese "boys" working for him in the restaurant.

The late E. M. Shutt was the Morrow county Sheriff who trailed and captured the China-man who was landed in the county jail and who later hung himself from the bars of the jail cage. The body, still hang-
