

AN IONE BOY was among 185 high school boys who visited Pacific Power & Light Company's engineering department in Portland while enrolled for Junior Engineers and Scientists summer institute at Oregon State University, Steve Lindstrom, Ione (right) Wayne Maw, Madras (left) and John Myers, Roseburg, listen to Dave Packard, PP&L senior computer operator, explain the workings of an electronic data processing machine. The boys observed engineers at work, later heard discussions of engineering career opportunities.

Four Ione Students Get Press Awards

For meritorious work in journalism, 223 Oregon high school seniors have been recognized by the Oregon Scholastic Press. Among them were four students of Ione High School.

These students received Eric W. Allen awards for newspaper work and George S. Turnbull awards for yearbook work. Students were nominated by their

high schools for the awards which were made by Oregon Scholastic Press, an affiliate of the University of Oregon School of Journalism.

Students from Ione who received awards were: Eric W. Allen, Leslie Madden and Kathy Rea, Ione; George S. Turnbull, William Akers and Cheryl Morrison.

Steve Lindstrom At OSU Institute

Stephen R. Lindstrom of Ione is among 179 top high school youths from throughout the West enrolled in the 8th annual "Junior Engineers and Scientists Summer Institute" at Oregon State University.

The two-week course is designed to give promising high school boys an insight into engineering and science career opportunities and study requirements. All fields of engineering and science are covered in the intensive two-week program, which will end June 22. Oregon State University professors are instructors and boys are divided into small groups to permit individual discussion and instruction.

To qualify for the program, students must have demonstrated high scholarship in science fields and been recommended by their high school principals and science teachers.

Started at Oregon State in 1956, JESSI is now setting a pattern across the nation as a means of encouraging young people to prepare for engineering-science careers.

Ione High School Trophy Case Dedicated to Mancell Townsend

Memory of Mancell Townsend was honored at a dedication and memorial service on May 28 at the Ione High school gymnasium. Presentation of a large birch trophy case to the student body and an 8x10 color picture of Mancell by his sister, Sue, climaxed the service. Steve Lindstrom, student body president for 1963-64, accepted the gifts on behalf of the school.

Mancell, a member of the class of 1963, and son of Mr. and Mrs. Hershall Townsend, was killed in an auto accident near Ione early this year.

Joe Hausler, Ione high teacher, and Leslie Madden, a fellow student, gave tributes at the service, and Glenn Biehl, coach, presented Sue with the letter that Mancell had earned in football and read an appropriate poem.

Gene Harryman, principal, opened the service. It was concluded with a silent prayer.

The trophy case was purchased with some of the funds that were given in memory of the young man who would have graduated from the school this spring. It stands in the foyer of the high school and holds the picture of Mancell, his 1963 football award and the trophies won by the school during the four years of his attendance there.

The Townsend family asked that their appreciation be extended again for the many expressions of sympathy and kindness shown them following the loss of their son, and for the cards, letters, visits, food, flowers and contributions to the organizations for memorials. Among the organizations to whom memorial gifts were given are the Shriners Hospital, Boys Town, Estar Fund of the Eastern Star, the Oregon Heart Fund, Ione Community church and Valby Lutheran church.

Money sent directly to the family was used for a headstone

SUE TOWNSEND, sister of Mancell Townsend who died early this year in an auto accident near Ione, stands beside trophy case that was presented to Ione High school on May 28 in memory of the young man who would have graduated with the class of 1963. The case contains an 8x10 color picture of Mancell together with trophies won by the high school during the four years he attended. (G-T Photo)

as requested by donors. Equal amounts were placed in the Ione Community church and Valby Lutheran church for a memorial. Valby purchased altar

June 9, and Mrs. Anne Smouse gave an interesting and informative paper on the use of the parameters. The trophy case was purchased with the remaining funds.

Club Views Gardens, Installs Officers

Ione Garden club met at the ranch home of the William Rawlins family on Tuesday afternoon, June 1. They found the floral gardens in a riot of color, with peonies and iris growing to a height of 4 or 5 feet, and blooming at their best. Delphiniums are nearing the blooming stage, painted daisies are at their height of color and many other plants coming along.

During the business meeting, the following officers were installed to serve for the 1963-64 term: Mrs. Oscar Lundell, president; Mrs. Ralph Crum, vice president; Mrs. Ronald Bishop, secretary, and Mrs. Omar Rietmann, unable to attend because of illness, will be installed treasurer at a later date.

Outgoing officers, as well as the new ones, were introduced. Past officers were commended for performance of duties the past year. All were presented with perky little "hat" pin cushions by Mrs. Vida Heliker, installing officer.

Some of the new committees were named, with yearbooks to be presented at the next meeting.

Delegates to the State Federation of Garden clubs, meeting in Portland this month, are Mrs. Ralph Crum and Mrs. Frederick Martin.

The next meeting will be held at the Martin home where they will hear Ralph Martin talk on the Cliff Mann Floral school in Denver, where he is now a student.

Leathers Plan Reunion

A Leathers' family reunion is planned for Sunday, June 30, at Bull Prairie Reservoir. Relatives and friends are invited to meet for a picnic dinner at noon, with the afternoon spent in fishing, swimming and getting acquainted at the first of what is hoped to be an annual reunion.

Hold Family Picnic

The Knit-Wits 4-H club had a family picnic at Cutsforth Park on Sunday, June 9. It hailed while we were there but enjoyed our picnic in spite of the hail. All were present but Peggy Taylor. We held our regular meeting at the home of Janet McCurdy.
