

Mrs. Jack Bedford Hospitalized on Trip

Mrs. Jack (Ruth) Bedford has been hospitalized in San Jose, Calif., with what is believed to be a mild heart attack according to word received here by employees of the First National bank this week.

The Bedfords are vacationing for two weeks in California. No other details are known at this time on Mrs. Bedford's condition.

HOSPITAL

Patients admitted to Pioneer Memorial hospital this week are: Lucille Privett, Heppner; Fleet Greer, Heppner; Clint McQuarrie, Heppner; William Sampson, Heppner; and Janice Hixon, Ione.

Those dismissed for the same period were: Maude Osmin, Heppner; Sonja Goodrow, Ione; Erwin McDowell, Heppner; Ronald Halsey, Lexington; Judy Paine, Heppner; Lori Dunlap, Heppner; and David Tucker, Ione.

Cox Home Following Jet Trip to Florida

Ben Cox found fishing along the east coast and gulf of Florida to his liking when he visited recently in that area.

Cox returned Sunday night by jet from a visit with his son-in-law and daughter, Mr. and Mrs. James McNabb, at the Elgin Air Force Base in Florida, and did considerable fishing and traveling while there. He was happy to find the arrival of the Gazette-Times in the McNabb home the same day as his arrival and, also bringing him back close to home, was a call from a relative in Seattle.

McQuarrie is Ill

Clint McQuarrie, owner of Central Market, is a patient at Pioneer Memorial hospital after becoming ill while working at the golf course Monday evening. It is thought he had a kidney stone attack and X-rays were taken Wednesday morning. Mrs. McQuarrie reported that he was resting much better Wednesday afternoon.

Take Trip to Texas

Mr. and Mrs. Don Olmscheid of Irrigon expect to leave Sunday on a month's trip to Texas where they will visit Mrs. Olmscheid's parents, Mr. and Mrs. Edward Johnson, at Corpus Christi. Mr. Olmscheid, who has just resigned as administrator of A. C. Houghton school, Irrigon, to take a position as elementary superintendent in St. Helens, formerly taught at Corpus Christi. They will move to St. Helens following their return to Morrow county.

Many Donors Aid Anderson Memorial

Valby Lutheran church, south of Ione, observed its dedication of new building additions and church memorials at a special service Sunday, June 9.

Among the gifts dedicated as memorials to past members, was the new altar and aisle carpeting, adding much to the comfort and attractiveness of the sanctuary.

The Ben Anderson family wishes to have recognition given the many donors, friends and relatives, who made possible the gift in memory of Mr. Anderson. His wife, Hannah, and other family members have deeply appreciated donations and assistance in making the gift possible. Without the help of many, she feels, it could not have been possible.

Grange Picnic Set for Sunday

The Home Economics Club of Willows Grange met Friday, June 21 at the home of Mrs. Harvey Ring.

A potluck dinner at noon was enjoyed by 13 members. Mrs. Ring furnished the hot dishes while members brought a variety of salads and desserts.

The club voted to purchase new curtains for the Grange hall dining room.

A donation of \$5 was authorized to be sent to the Red Cross. A card of cheer was sent by the club to Kathryn Yarnell who is doctoring at Wheeler. Her address is Manzanita.

The Grange family picnic will be held in the Ione City park on Sunday, June 30, at 5 p.m. The Grange will furnish paper plates, cups, cutlery, tea, coffee, punch and ice cream. All members and friends of the Grange are invited to join us. The younger set can enjoy swimming at the pool later.

Miss Opal Briggs, Heppner, and Mrs. Della Corson, Ione, are spending a few days vacationing in Portland. They accompanied Mrs. Fred Martin who went as a delegate to the Oregon Federation of Garden club convention in Portland the first part of the week.

Board Directors

(Continued from page 1)

are these: a first grade teacher in Heppner, two English teachers in Heppner High, a math teacher in Heppner High, 5th and 6th grade teachers in Heppner elementary, second grade teacher at Boardman, and the English teacher at Ione. There have been very few applications, he said.

Mrs. Beverly Gunderson was reappointed clerk of the district and the First National Bank and Bank of Eastern Oregon were named as depositories for district funds.

Mahoney and Abrams, attorneys, who had resigned as counsel for the district, were reappointed at \$75 per month retainer. Pratt said that the firm had advised him that it would serve at this figure.

Some threatened disagreement arose late in the evening when Director Warner said that the board should review the contract with the Corps of Engineers on the site for Riverside High school, which was set by agreement with the Corps by the "old" board for Boardman. Warner said that some things had been done without the board's sanction previously, and Director Dick objected to this statement, although agreeing with the need to review the contract as a proper procedure for the new board. The matter was left open for a future meeting.

IT'S GOOD TO BE FROM EASTERN OREGON!

Where else could you receive so many good visitors, fine cards and lovely flowers? Not to mention the wonderful help my wife received at the store. It seems so little to say just "Thank You" but for now, that will have to do.

TOTAL PERFORMANCE:

FORD GALAXIE 500/XL SPORTS HARDTOP

IF YOU KNEW WHAT THIS "CAR KILLER" KNOWS...YOU'D BE DRIVING A SOLID, SILENT SUPER TORQUE FORD

This steel-edged pothole is probably the world's toughest test of a car's suspension. We drive into this car killer at 30 mph, locking our brakes as we go so the wheels can't roll through the hole as they normally would. The car slams against the far edge of the hole with such impact that it literally bounds out.

If you added up the cumulative effect of all the jars and jolts your car's suspension system experiences in years of normal driving, it wouldn't match the impact of one trip through the hole. Yet—a Ford must run this test three times to prove its strength.

How can a Ford take it? Because Ford's front suspension has extra beef in spindles, springs, suspension arms—in fact, it's about 20 pounds heavier than the front suspension of our principal competitor's car.

We don't expect you to abuse your car the way we do our test cars. But, however you drive, you'll welcome the extra strength of a total performance Ford. Ford strength is tested in a thousand ways in Ford's laboratories and proving grounds—and in open competition in the world's toughest rallies and stock car events.

Look at Ford's astounding record in open competition this year in the grueling Daytona, Riverside, and Atlanta 500's, the World 600 at Charlotte, N.C., and in the demanding Pure Oil Performance Trials. Only a car with total performance—the best combination of strength, balance, precision control and road-clinging suspension—could roll up so many wins.

Before you buy any new car, test-drive the solid, silent Super Torque Ford. If you haven't driven one lately, you can't really know what a new Ford is like. Make this important discovery: if it's built by Ford, it's built for performance...total performance.
