## Church Completes Parsonage Debt With Ceremony

At special ceremonies Sunday morning, August 25, First Christian church of Heppner burned the mortgage on the church parsonage property. Participating in the service was Paul Jones, chairman of the property committee; Rev. and Mrs. Charles Knox, minister and wife; Everett Struckmeier, chairman of membership committee; Mrs. Paul Jones, treasurer, who presented the paid mortgage to the trustees; Mrs. Fred Hoskins, C. N. Jones and Leonard Riller.

The trustees held the copper receptacle containing the mortgage, while Mrs. William J. Thomas, (formerly Leta Humphreys), set flame to the mortgage. Mrs. Thomas served as chairman of the new parsonage committee.

Dr. Henry Searle, executive secretary of the Oregon Christian Missionary Society of Christian churches, was the guest speaker. His topic was "Receiving God's Blessings." Rev. Knox, accompanied by Mrs. Knox, sang the solo, "How Lovely Are Thy Dwellings."

The church broke ground for their new parsonage on March 27, 1956. First payment on the \$10,000 debt was made in September, 1956, with the final payment made in November, 1962. The church had planned on a ten-year span to pay off the debt, but due to the popularity of the annual Harvest Festival, it was liquidated in six years.

A potluck dinner was held following the morning service. Giving the invocation at the dinner was Dr. John Linn, new medical doctor at Condon, an ordained minister of the Christian church, and a former classmate of Rev. Knox at Northwest Christian college in Eugene.

of Brentwood, Calif., who will visit here about a week.

**Farewell Honors Mrs. Reed**

Another farewell party was given at the Camp 5 Community hall Thursday evening for Mrs. Ardean Reed who will also move near Chehalis, Wn. Mrs. Jean Medlock, Mrs. Eva DeMeritt, Mrs. Lola Ferrel, Mrs. Shirley Kyle, and Mrs. Carol Norris were also hostesses for this party. Mrs. Reed was presented a Universal coffee pot as a community gift. Bingo was played with the winners being May James, Deanna Howell, Marie Hulett, Lorraine Rico, and Barbara Mortimore. Others present were Signe Anderson, Marie Rhoton, and Jean Ann Michel.

**Golf Club News**

The final round of the Men's Twilight League was played at the Kinzua Golf Club on Friday evening. Last year's champions, The Dubbers, finished with a rush, turning in low team score for the evening but their efforts fell one point short of overcoming the Flubbers who picked up four points to establish themselves as champions and winners of the Twilight League trophy.

It is well agreed among all the men members who participated in the team play and stag night competition over the past season that the summers activity has been one to be forever remembered. Twenty-seven men enjoyed the evenings activities and play. Of course the main event where everyone was a winner was a ham 'n sweet potato meal prepared by head chef Jim Walker.

Prizes for the evening were awarded to Milt Boring for low gross and Alan Guinn for low net. Milo Prindle hit the long drive for the evening and Milt Boring was closest to the pin on No. 6. The team roster for the championship Flubbers is as follows: Don Slinkard, Vince Allen, Larry Fisher, Clay Phillips, Alan Guinn, and Milt Boring.

Play for the A. W. Davis Handicap trophy has been completed and a new champion was crowned. Larry Fisher worked his way through a field of 34 golfers, defeating Quentin Viegas in the finals to become the proud possessor of the trophy for this year.

## Ernie Winchesters Enjoy Camping Trip

Ask the Ernie Winchester family about the big Minam Wilderness area which has caused quite a furor recently over trying to keep it a wilderness area! Ernie, wife, Lois, and daughter, Erna Lynn, journeyed to the area two weeks ago for a camping and fishing trip.

They left here early August 10 heading toward Lostine only to encounter pickup trouble on Emigrant hill and had to flag down a policeman to call back to Pendleton for help and finally got into Lostine at 2 a.m. the next morning. They understood their guide as saying he would have motel rooms for them, but they couldn't find a motel so crawled into a wagon loaded with straw for what was left of the night, only to be awakened at 6 a.m. for breakfast.

They left with their guide on two horses and pack animals to pack into their camp some 11 miles from Lostine. Here they camped for the next two weeks with two dogs and two horses, and went over many routes from their "headquarters" to fish in the lakes in the area. And all of the trails led either straight up or straight down on rocky ledges into this beautiful country. As Ernie related later, none of the land was level and Lois said the downhill was something and a bit scary with the horses having to pick their way over rocks and doing some slipping, too. They had wonderful fishing and were thoroughly thrilled with the country.

Many other campers and fishermen passed by their camp coming and going. They visited

with them and went on a side trip with a couple from Enterprise. Lois made a chocolate cake and pudding for a group of Boy Scouts who were there from Portland. And she enjoyed making coffee for the passersby during their stay. Home again and somewhat rested, they went to go again and recommend the trip in this untouched area for everyone.

## Labor Day Week-end Brings Auto Hazard

The last major holiday of the summer begins Friday at 6 p.m. Unfortunately, in the past, this has been anything but a holiday from traffic death on Oregon highways. Safety officials again have issued a warning to motorists to drive to stay alive.

The Traffic Safety Division of the Oregon Department of Motor Vehicles notes that last Labor Day week-end six people were killed and 229 were injured in 454 traffic accidents recorded during the 78-hour holiday period.

Safety officials urged drivers to drive defensively to avoid the mistakes of other drivers in the anticipated heavy traffic.

Drivers also were reminded that inattention and impatience in heavy traffic can be fatal mistakes.

Oregon is experiencing the worst year in traffic bloodletting in its history, and in the face of a decrease in highway travel. Deaths through late last week were running 28.6% ahead of the same period in 1962.
