Make fire prevention a habit. It's much easier to prevent than before you flip a cigarette or match out your car window. Use to put out forest fires. Think your ashtray.

Ekstroms Entered In Hereford Show

Herbert Ekstrom & Sons, Ione, have entered show cattle to compete in the Register of Merit Hereford Show to be held in conjunction with the Great Western Livestock Exposition at Los Angeles this year.

Hereford show days during the event will be on Thursday and Friday, November 21 and 22. The Great Western will officially open on November 20, and the cattle will be released on November 24 in order to allow those exhibitors who wish to show at the International Livestock Exposition in Chicago time to get there.

This is the first time in the history of the Great Western that it has been a Register of Merit Hereford Show, and the officials of the exposition have promised the livestock-minded public an event long to be remembered.

"This is one of the most outstanding opportunities for Hereford breeders to exhibit their cattle to cattlemen and the general public in the far Southwest," said Paul Swaffar, American Hereford Association secretary.
