## Remily-Lindsay Marriage Vows Exchanged at Oregon City Mass

Miss Corrine Ann Remily and Lawrence Daniel Lindsay were united in marriage Saturday, September 7, at a Nuptial Mass in Saint John the Apostle Catholic church in Oregon City. A Papal Blessing of Pope Paul VI was obtained for the couple from Rome by the Rev. Paul E. Waldschmidt, president of the University of Portland.

Daughter of Mr. and Mrs. Albert E. Remily, the new Mrs. Lindsay was graduated from the University of Portland where she became an instructor of Chemistry. She was a Fulbright student to Germany in 1962. Mr. Lindsay, son of Mrs. A. C. Lindsay of Lexington, graduated from the University of Portland, attended Georgetown Law School in Washington, D. C., and served as a lieutenant in the United States Air Force.

Miss Agatha Rinella of Portland attended the bride as maid of honor. Mrs. Steven Nelson of

## Appraisal Faces Possible Delay

Morrow county's farm reappraisal program, currently being conducted with the assistance of the State Tax Commission, may be delayed if the 1963 state income tax measure is defeated at the referendum election October 15, County Assessor Roderick Thomson has announced.

The new assessed values are scheduled for use on the 1965-66 tax roll. The last reappraisal was completed in 1955 and Oregon law requires a reappraisal of all real property at least once every three years.

However, if the income tax is defeated, the Tax Commission undoubtedly will suffer a cut in budget with a resulting decrease in personnel. This would make impossible the continuance of Morrow county's project on schedule.

The Tax Commission found the county ratio this year to be 19%. (State law requires assessments to be at 25% of market value). Farm land in the county, as indicated by sales, has been assessed at only 17% or 18% of market value, and the farm reappraisal project is aimed at correcting this situation by bringing them to 25% in line with other classes of property in the county.

## Jayvees Victors In Two Contests

Heppner High school's jayvee football team has won its first two outings, downing Umatilla Jayvees there September 25, 7-6, and upending Pilot Rock there Monday, 21 to 0.

Freshman Jim Jacobs starred in the Pilot Rock contest, scoring all three touchdowns, one from four yards out, and two more on long runs of 25 and 40 yards. He also tallied one of the extra points on a pass, and Simon Winter and David Gray accounted for the other two.

Lee Daggett and Jay Ball were defensive standouts in the game, according to Coach Bob Cantonwine.

All the action in the tight Umatilla game came for Heppner in the opening minutes. Set up on the 40 yard line after taking the kickoff, Jacobs took the ball on the first play and rambled 60 yards to score. Earl Perkins made the all-important extra point on a run, and this proved to be the margin of victory.

Umatilla had a chance to tie it in the fourth quarter after scoring from the two yard line on a plunge, but failed to make the extra point.

At Umatilla, Jim Barclay, Gray, Ball and Daggett played strong games on defense, the coach said.

## Parkers Fulfill Yearn to Travel To North Country

Mr. and Mrs. Frank S. Parker realized a dream of several years upon the completion of a trip last month into Alaska and the Yukon Territory.

Much of the country had that "familiar look" to Mr. Parker that he remembered in gold rush days of 1894 and 1904 when he was there, but with the great increases in population, improvements in facilities and modes of travel, the towns looked very different. "Greatest change was noticeable in Anchorage and White Horse," remarked Mrs. Parker. "White Horse had grown from a population of 150 when Frank was there to a city of 6500 now, but he did see the place where he had once built a barge."

Through the urging of their children, the Parkers left on the guided tour August 29, were gone four weeks, with 16 days actually spent in Alaska and the Yukon. They went by jet from

Seattle to Juneau, by plane from there to Anchorage, and much of the other route by railroad and boat.

Especially exciting was the train ride down the narrow gorge from Whitehorse to Skagway, with terrain reminding them of the steep Hells Canyon country. Travel was slow, taking 6 1/2 hours to cover 110 miles. "It was beautiful, though," remarked Mrs. Parker, "and we saw lots of wild animals. It was interesting to see the Huskies hooked up to sleds with wheels for use in the summertime."

Also by rail, they went from Anchorage to McKinley Park, surprised to find very little farming because of either very marshy or very rough land. The boat, Yukon Star, with 114 passengers aboard, carried them from Skagway to Vancouver, B. C., passing by many of the large, ice-blue glaciers. They found little activity going on today in gold mining.

Aided by perfect weather and congenial traveling companions, the Parkers returned home thoroughly thrilled with their trip.

Both before and after their travels they visited at homes of their children in Hood River and Portland.
