# Boardman Relocation Site Gets Approval

By MARY LEE MARLOW

**BOARDMAN**—The Boardman City Council at a meeting last week approved unconditionally Site B as the site for the new town, since the Northern Pacific Railroad and the city of Boardman have reached an agreement whereby the city will purchase 59 acres of land belonging to the railroad for relocation of the town, plus 32 acres more for school purposes. An additional 32 acres has been purchased from the Bureau of Land Management, making a total of 123 acres. Site B had been approved by the council conditionally January 29, 1963, and these conditions have been met. Mayor Dewey West states that this will allow the city to remain on the revised schedule, and construction will start in March, 1964.  
Following is the revised schedule: complete design memorandum September, 1963 (this has been done); complete commercial area plan, October 1963; approval of design memorandum, December, 1963; start new highway relocation, December, 1963; contract between city of Boardman and the Corps of Engineers, January, 1964; start city utilities construction, March, 1964; start railroad relocation in Boardman area, November, 1964; complete city utilities construction, except paving, December, 1964; complete highway relocation, June, 1965; complete moving of city to new site, June, 1965; complete grading of railroad in Boardman area, October, 1965; complete relocation of railroad, April, 1966; raising of John Day pool, May, 1968.

**Council Approves Sewage Plan**  
The Boardman City council at a meeting last week approved applicators to the Housing and Home Finance Agency and the Public Health Service for grants to build collective and sewage treatment plant facilities. If approved, this will allow the city of Boardman to put in a modern sewage system when the new town is built. Mayor Dewey West states that the program will call for an expenditure of approximately \$200,000.  
The program is being engineered by the firm of Cornell, Howland, Hayes and Merryfield of Seattle, Wn.

**Four Boys at FFA Convention**  
Dennis Anderson, Leonard Bedord, Jr., Dennis Gronquist and Mike McCoy, members of the Riverside FFA chapter, left Saturday night for Kansas City, Mo., to attend the national FFA convention this week.

## SAMPLE BALLOT

Special Election for State of Oregon  
To be held on Tuesday, October 15, 1963

MARK A CROSS (X) OR A CHECK (✓) IN THE VOTING SQUARE AFTER THE WORD "YES" OR AFTER THE WORD "NO".

### REFERRED TO THE PEOPLE BY REFERENDUM PETITION

Title and Statement of Purpose

**1. PERSONAL AND CORPORATION INCOME TAX BILL**—Purpose: To increase state revenues. Abolishes federal tax deduction. Lowers personal tax rates. Provides minimum tax. Increases corporation rates. Effective on or after January 1, 1963.

**ESTIMATE OF FINANCIAL EFFECTS:** If Ballot Measure 1 (Chapter 627, Oregon Laws 1963) is approved by the voters, it is estimated that the increase in state revenue over that which would be provided by existing law from personal income taxes will amount to about \$24,750,000 per year or \$49,500,000 for the biennium and the increase from corporate excise taxes on income will amount to about \$350,000 per year or \$700,000 for the biennium, based on present levels of income. The Ballot Measure also authorizes a possible "speed-up" of personal income tax payments withheld by employers that would permit an increase in 1963-1965 revenues by \$14,000,000, without increasing the tax liability of the personal income taxpayer.

If Ballot Measure 1 is defeated, expenditures in the 1963-1965 biennium will need to be reduced by approximately \$60 million below the level of appropriations made by the 1963 Legislature, or other revenues must be sought, or some combination of revenue increase and expenditure reduction totalling approximately \$60 million must be made in accord with the requirements of Article IX and XI of the Constitution of Oregon.

your direct line to peace of mind

Truthfully, now, did you give any thought to safety when you decided upon your present heating system? Not many of us do.

Flameless electricity is the safest way to heat... it's also the cleanest. There are no by-products such as fumes, odors and soot.

Economy is another important factor not to be overlooked. Electricity uses 100% of its energy to produce heat. There are no costly maintenance calls to clean and repair nozzles, fuel lines and other furnace parts.

Why not see your dealer or rural electric representative today... electric heating costs so little for so much peace of mind.
