Wahtonka Tough But Mustangs Win

By GREG PIERCE

Heppner's Mustangs found the going rough in their first league basketball game but slipped by Wahtonka High of Chenoweth (The Dalles) in the small gym of the league's latest entrant Friday night, 49-45.

Ken Wright, hoop ace for the Mustangs, found the net and dropped in 20 points to lead the Horsemen to their seventh victory in eight starts. Lee Padberg, off his usual form, was second for the Mustangs, scoring with 13.

Coach Bob Cantonwine used eight players, and seven were in long enough to penetrate the strong Eagles' defense to score.

In the first quarter the Mustangs took the lead at 16-11, and in the second stanza they pulled to a relaxing 10-point lead, 26-16, at intermission. But in the third quarter they saw the lead dwindle to four points, 39-35.

The game became wild in the fourth period, but each team connected for 10 points and the Mustangs took their slim victory.

Stuart Dick, red headed passing genius, threw in a bucket and set up at least a dozen other baskets. Richard Clark, one of the three reserves, bagged six points.

Other netters who were employed by Coach Cantonwine and faced the Eagles included Carl Bauman with four, David George with two, Bill Snyder and Doug Dubuque two.

John Lewis and his teammate, Bob Runie, were top gunners for the Eagles with 10 and 14 respectively.

The Mustangs shot a cold 28 per cent from the field and 53 per cent from the line. The Wahtonka five shot a little better from the field for 31 per cent and 64 per cent from the foul line.

Heppner's jayvees were on the low side of a 56-43 score in the preliminary.

HEPPNER—Wright 20, Dick, 2, Bauman 4, Padberg 13, George 2, Dubuque 2, Clark 6, Snyder.

WAHTONKA—Lewis 10, Mitchell 2, Hammel 5, B. Peterson, Helseth 6, Runie 14, Crihder 8.

SKI

TRAILS

By BIRDINE TULLIS

The news of skiing this week is good news. Areas are enjoying the most bountiful snowfall received in several seasons. More and more local people are heading for the slopes. There was a large crowd of people at Arbuckle last week-end. The area was open week-ends and some days of the Christmas holiday. Club members enjoyed a potluck and some very icy skiing at Arbuckle on New Year's Day. Others took advantage of the school holiday to visit some of their favorite places farther from home. Those visiting Spout Springs were the Don Peterson family, Bob Rietmann family, Norm Nelson family, Art Vance family, Garry Tullis family and Frank Halvorsen. We had a wonderful time, and the kids, especially, enjoyed the night skiing each evening. Susan and Stephen Lindstrom enjoyed a trip to Timberline.

The snow condition at Arbuckle last week-end was excellent and from all indications more snow has fallen since then. Spout Springs received several inches of snow over the week-end as did Timberline, Anthony Lakes and Government Camp. Looks like a good season for skiers!

Another item of good news for skiers in need of equipment is that this is the time of year when most sport stores start their sales of ski clothing and equipment. The wise skier will be watching for news of such sales. Actually the basic items of skiing change very little from season to season. A good pair of stretch pants and parka should last for several seasons. I find it very interesting that this year the manufacturers of ski clothing have put more emphasis on style in children's clothing. The little skiers are just as style conscious as their elders. The racing stripes in ski pants and on parkas seem to be the big item the younger generation liked.

At a recent meeting of the Ski Club several new directors were elected. Orville Cutsforth was elected Area Development director; Art Vance, Ski Patrol director, and Ken Peck as Recreation and Ski Director. The Ski Patrol is in charge of all safety at the area and an adequate ski patrol is always on duty to take care of first aid needs. The Ski Patrol is on the slope for the safety of all skiers, just as the policeman is on the streets. Their requests should be followed.

Steven Peck is planning a course of ski instruction at Arbuckle. No one can learn to ski by reading a book and then going out to the nearest slope to practice what he has read. Lessons in skiing by a qualified instructor not only increase enjoyment of the sport, but decrease the chances of being injured. Any one interested in lessons should contact Steven or check at the Ski Shop for further information.

Join the fun, we'll SEE YOU ON THE HILL!
