State Commission Mails Budget Forms to Boards

Budget forms to be used for the first time by the 732 tax-levying units in Oregon other than school districts have been mailed this week by the State Tax Commission for use by the various budget boards for the 1964-65 fiscal year.

The approximately 500 school districts throughout the state will have a different form system conforming to a standard accounting procedure, and this has been approved by the tax commission. The State Department of Education is providing the school district forms and instructions for their use.

The general forms were prepared by the tax commission with the aid of an advisory committee representing local government, county govrenment, certified public accountants, public groups interested in tax mat- audit division.

Issuance of the forms is only one phase of the expanded responsibility given to the tax commission under the new local budget law enacted by the 1963 Legislature.

The commission is also required to make rules and regulations necessary to administer the new budget law. These instructions are contained in a 42-page volume, "Budget Manual for Municipal Corporations," prepared by the commission and mailed to governmental offices directly concerned with the making of budgets. The manual is also available to others at a nominal cost.

Under the new budget law the state's division of audits is to inform the tax commission of errors in budgeting when audits are reviewed. The commission may also review budgets at any stage of preparation.

To assist budget board members in complying with the new law, the commission is conducting sessions in various parts of the state, at the request of county assessors, county courts or commissions, and local officials.

Implementation of the new budget law has been directed by Tax Commissioner Charles H. Mack, as the Commissioner's coordinator; Assistant Attorney General Ira W. Jones, assigned to the commission's law section; Allan Howells, the commission's records supervisor; and James W. Van Galder, special C.P.A. consultant.

Commissioner Mack reports that a supply of the nine different forms to be used by all taxing units other than school districts has been sent to each cunty assessor in case extra copies are needed.

The commission's forms will be used by boards in 36 counties, 219 cities, 204 fire districts, 108 water districts, 11 zoning districts, 36 sanitary districts, 50 cemetery districts, 13 park districts, and 55 miscellaneous districts. These units levy approximately $90 million in property taxes each year.

Knitting Judge Gives Pointers To 4-H Leaders

"All knitting comes from two kinds of stitches. One called 'knit' and the other called 'purl,'" explained Mrs. Clifford Brown, Hermiston knitting judge, "pattern stitches are just different variations of the two." Mrs. Brown met with six 4-H knitting leaders on January 24 at the Lexington school to go over the seven new books on 4-H knitting that have just come out from Oregon State University, according to Esther Kirmis, Morrow county extension agent.

Examples of each phase were shown and yarns and needles were discussed.

Knitting is probably more popular today than it has been at any other time in history, observed Mrs. Brown. No one knows exactly when women began to knit, but back as far as 200 A. D. knitting was an advanced and accomplished art. The people of Scotland are believed to have been the first to knit with wool, she said.

The seven phases consist of knit and purl, increase and decrease, pick-up stitches and buttonholes, pattern stitches, knitting with four colors, and combining knitting and fabric, declares Miss Kirmis. Four-H leaders will be furnished a set free of charge, but other requests will be filled on a sales basis—25c a bulletin or a complete set for $1.50. Orders can be taken by the County Extension office, but they will be filled by the 4-H stockroom in Corvallis, she added.

Leaders attending the training included: Mrs. Larry Cook, Mrs. Rachel Harnatt, and Mrs. Elsie Gibson, Heppner; Mrs. Gene Cutsforth, Lexington; Mrs. Louis Shade and Mrs. Tom Olin, Irrigon; and guest, Mrs. Marjorie Applegate, Stanfield.

Two Men Attending School at Salt Lake

Larry Angell and David Creswick of Heppner are now in Salt Lake City, Utah, where they are attending electronics school at night and are working days.

The two, accompanied by Mrs. Angell and the Angell's one-year-old son, Jimmy, left early Sunday for Salt Lake City and arrived there late that night. They called Mr. and Mrs. Floyd Hutchins, parents of Mrs. Angell, to say that they had arrived safely.

The two men plan to attend school for at least a year, and Mrs. Creswick will join her husband at a later date. Angell has been employed by a cleaning establishment and Creswick has a job with a novelty company that makes props for magicians.

In spite of the rather severe weather prevalent, the trip was not hampered by bad road conditions, although packed snow was in the highway through much of the distance.

Mr. and Mrs. Paul Jones were in Portland last week to attend the director's meeting of Northern Pacific Grain Growers, of which Mr. Jones is a member. On their return home Saturday they stopped at the home of their son, Gary Jones in Hood River, and brought their granddaughter home for a short visit while her mother was in the hospital with a new baby, Floyd Guy.

Mrs. Lena Kelly arrived home Friday from a two weeks stay in Umatilla with her son, Bob Kelly, and family.

Gribbles Return From Southern Trip

Mr. and Mrs. Lowell Gribble arrived home Saturday night from a three weeks vacation and business trip that took them as far south as Mexico, the main purpose of the trip being an American Ammonia Institute convention with New Orleans.

The Gribbles toured many interesting and exciting places as they traveled by car through seven states. One of their stops included a visit with Gribble's sister and brother-in-law, Mr. and Mrs. Robert Scott, of Milton-Freewater, who make their winter home in Cathedral City at Palm Springs, Calif.

To their disappointment, the weather there was unseasonably rainy and cold.

All in all, the trip was described as being "marvelous," but the Gribbles, in their travels found not one place nicer to come home to than eastern Oregon and especially, Morrow county.
