Club Seeks Closer Contact Between Members, Parents

By ESTHER KIRMIS

A very correct Emily Post type of invitation came in the mail the other week from Marlene Magill, secretary of our newest 4-H club, Bea's Busy Buddies, of Cecil. The club is planning a local supper at the Henry Krebs home on the evening of April 18 to inform their parents and friends about the basics of 4-H and what they are doing in knitting, leatherworking, and clothing.

Mrs. Beulah Hynd, their leader, is taking the right approach in informing the parents early of 4-H duties. Statistics show that if the parents are asked to do certain things like providing material for a 4-H project, transportation to a county or state event, etc., they will come through with flying colors 90% of the time. Leaders, don't be afraid to ask.

Grange Sewing Contest

Mrs. Delpha Jones of the Lexington Grange had Mrs. Louis Carlson and Mrs. Roland Bergstrom, Ione, and yours truly out on April 11 to judge ten garments that were entered in the State Grange Sewing contest.

It always does our heart good to see that sewing has not become a lost art, and is ever popular in this day and age.

Pine City, Irrigation Units Visited

April is a wonderful month to visit the Extension Units, your agent has found. Spring and sunshine does strange things to someone. This past week we visited Pine City unit (Mrs. Leo Ashbeck, hostess) and Irrigation unit (Mrs. Sylvia Morgan, Mrs. Minnie Hoadley, Mrs. Grace Hoadley, Mrs. Grace Shaun, and Mrs. Don Acock, hostesses) with the lesson, "Don't Be In The Dark About Lighting." The women are especially interested in the new "Celeste" bulb that we brought along. (A bulb that doesn't need a shade and can be screwed directly into the light socket.) Pamphlets are available in the office.

Re-Direct Bathroom Traffic

While at the Pine City meeting, Mrs. Willard French, Echo, was complaining about the bathroom rush in her home with four teen-agers wanting to use it at once. Maybe she could use some of these ideas:

In remodeling a bedroom or adding an extra one, why not include a lavatory in the new setting? Oregon State University reports this suggestion has come up frequently in extension meetings. Any woman whose family numbers more than two doesn't need a calculator to add up the advantages of this arrangement. Even in two-bathroom homes, there is invariably a traffic jam at the bathroom door both morning and evening—while the "occupant" is often involved with a wash-up which could just as easily be accomplished at a bedroom wash basin.

It is easy to cut down on "overtime" in the bathroom itself by providing this handy facility, along with good lighting to make it effective. Then father or junior or grandfather can shave right in his own room. Or the girls can shampoo, experiment with make-up and primp to their heart's content. And everyone can be allocated enough time for bathing or showering without having to skip on soaking time or soap-suds.

Interest Grows in Laundry Clinic

We've been really advertising the Morrow county laundry clinic, "Suds and Hi Fashion" as we travel to the Extension Unit meetings and any other meeting we attend.

Remember the date—April 23 at the Riverside High school gym in Boardman, at 1:30 p.m. Watch for posters on it at your grocery or appliance store.

With this lovely spring weather it would be just a nice drive up to Boardman to see how it's growing and changing.

We happened to pick up this washday hint from Bernice Strawn, OSU Home Management Specialist (she will be at the laundry clinic), about helping bath towels age gracefully.

Do your bath towels with closely woven border stripes have a ruffled edge? You can prevent this by removing towels from the dryer while slightly damp. Pull stripes vigorously cross-wise. Once ruffling has happened you can't correct it.

Saddle Club Meets

The Saddle-ites 4-H club was called to order by the president, Dick Struckmeier. We answered to roll call by naming the parts of the horse and saddle. We decided not to have a drill team because we do not have enough riders. The 4-H ride has been changed to the first week-end in June at Johnson Creek. Our next meeting will be at the rodeo grounds and we will practice our horses.

Conservation Needs Home Economist To Hold Laundry Clinic April 23

In a joint meeting of the Heppner Soil and Water Conservation District supervisors and ASCS county committee last week, a thorough examination of the agricultural conservation practices were studied and discussed relative to their uses in providing conservation needs of the county. The ASCS and Soil Conservation District heads decided that they would meet several times during the year to further consider the need for changing, eliminating, or revising present practices. Much thought is going into this as a result of possible reductions of ASC funds and revisions on practices to get the most conservation on the land through federal cost-sharing with money available.

At the regular Heppner Soil and Water Conservation District meeting plans were made for sponsoring the annual school conservation tour which has been scheduled for May 7. Fifth grade boys and girls from the Ione and Heppner schools will participate in seeing outstanding conservation practices in several communities. Vernon Munkers, Lexington, heads up this tour this year. Vernon is a new supervisor and is anxious to participate in the conservation program.

Another new supervisor, Roger Palmer, was appointed to represent the district on the Selection Committee which will tour farms in late April to select the 1964 County Conservation Man of the Year.

The March progress report given by conservationist Ralph Richards, included the the Horse-shoe Hereford Ranch as a new cooperator; 300 acres field strip cropping laid out at the Garland Swanson ranch; 32 acres of contour strip cropping for Marion Palmer; 15,500 feet of diversion ditches for C. N. Jones and Sons and Rudy Bergstrom; 85.6 acres of land leveling for four different farmers as well as 12 erosion dams and farm ponds on the L. H. Rill, Elmer Palmer, Randall Martin and Ron Hague-wood ranches.

There were 153 acres of pas-

Home Economist To Hold Laundry Clinic April 23

A home economist from one of the largest manufacturers of laundry equipment will demonstrate that "clothes washed as they should, really look good."

She'll appear at the "Suds and Hi-Fashion" Laundry Clinic on April 23, 1:30 p.m., at the Riverside High school gym, Boardman, according to Esther Kirmis, Morrow county extension agent.

Miss Mary Behrens, home economist with a well known appliance company, will present a slyte show as part of the program of the Morrow county consumer information program. Washable styles in modern fabrics will be shown. Models will be from the Riverside High school Home Economics department. They include: Paula Williams, Linda Senn, Pat Mill, Donna Eppenbach, Judy Friend, Gloria Senn, and Toni Olin. Mrs. Della Lindsay is home economics instructor at Riverside.

Persons attending the laundry meeting will see the difference that good and bad laundry procedures make on the same item of clothing. For example, two local girls will model sports clothes to show how stains and heavy soil came out of new fabrics when stains were pretreated and properly washed. They'll also show how dirt remained when outfit was washed according to usual methods. Other models will show the importance of properly handling new man-made fibers, wash and wear garments, to get best results with minimum ironing.

Mary Behrens

Miss Behrens travels to all parts of the United States as she works with appliance dealers, utility companies, educational groups, and the laundry industry.

Other speakers on the program are Bernice Strawn, OSU Home Management specialist, Corvallis; Herb Ekstrom Jr., water softening representative, Ione; and the Morrow County Extension agent. The public is invited to bring their questions and problems on laundering to be answered by a panel of experts.

Those who plan to attend the Laundry session, including the fashion show, are advised to be in their seats by 1:30 p.m., says Miss Kirmis.

Those who would like water tested as to hardness, are asked to bring a small sample for Ekstrom to test, she adds.

Ione Livestock Club Sees Demonstrations

On April 5 the Ione Livestock club met at the home of Kenneth Smouse at 1:30. For roll call, members gave the name of different things used for the fitting of an animal. Debby Warren gave a report on the money management meeting she attended in Heppner.

After the meeting Kenneth Smouse showed how to block a lamb, and Jim Pettyjohn showed how to groom and fit a pig.

Our "Father of the Year" selection was made. The next meeting will be on May 2. Earl Pettyjohn, reporter

Former Cowhand To Address Meet

Leonard Eilers, former cowhand, rope artist, graduate of Biola College, and better known as the Christian Cowboy, will be at Youth for Christ in the Condon Baptist church, Friday night, April 17 at 7:30.

Mr. Eiler brings the film "This, Too, Is Hollywood," and will be shown at that time.

The film is produced by the Christian Men's Business Group of Hollywood and gives a memorable motion picture statement of faith and thrilling personal testimonies.

Those taking part in the film are Nick Adams who plays the

part of "The Rebel," on TV; Pamela Baird, David Brian, who plays the part in "Mr. District Attorney," Don DeFore, who takes part in the "Hazel" show; Jimmy Dodd of the "Mousketeers," Dale Evans, Dick Jones, Georgia Lee; Jay North, who plays in "Dennis the Menace," Roy Rogers, The Sylte Sisters and Bill Williams, who takes part in "Harbor Patrol."

The film shows the other side of Hollywood that we hear very little about.

Everyone is invited to attend the meeting.

Father Spencer To Attend Meet

Father C. Bruce Spencer of All Saints' Episcopal church will be one of 60 Oregon ministers to attend the seventh annual ministerial institute April 27-30 at Corbett.

The four-day conference is held each spring to help ministers in counseling the emotionally and mentally disturbed and members of their families. It is conducted by the Mental Health Association of Oregon, the Mental Health Division and the Oregon Council of Churches.

Guest speaker will be the Reverend Lyn Elder of Golden Gate Baptist Theological Seminary, Mill Valley, Calif.

NOTICE OF BUDGET HEARING

The budget for the Port of Morrow for the fiscal year 1964-1965, beginning July 1, 1964, as detailed and summarized in the accompanying schedules was prepared on an accounting basis consistent with that used in prior years. Major changes, if any, and their effects on this budget are set forth in an accompanying statement. A copy of the budget may be inspected by interested persons between the hours of 7:00 P.M. and 10:00 P.M. at City Hall, Boardman, Ore., on April 7, 14, 21 and 25, 1964. The budget document or any portion of it may be obtained for \$5.00 complete or \$1.20 per sheet at said times and place. A meeting of the Board of Commissioners of the Port of Morrow will be held April 30, 1964 at 8:00 P.M. at City Hall, Boardman, Oregon, for the purpose of holding a public hearing on this budget. Any person may appear to discuss the budget or any part of it.

Signed  
DEWEY W. WEST, JR.  
President, Port of Morrow

FINANCIAL SUMMARY FOR THE ENSUING FISCAL YEAR BEGINNING JULY 1, 1964

Tax Levy Computation	Total All Funds	General Fund	Bonded Debt Fund	Port Facilities Fund
