

2 Seniors Named For Top Honors

(Continued from page 1)

major in psychology. Miss Brindle has held many school offices, including that of student body treasurer this year. She is also president of the Future Homemakers of America chapter here, and is vice president of the Girls' league. She is president of the band, has played in the dance and pep bands throughout her high school years and is a soloist. In her freshman year she was vice president of her class. Jennifer was assistant degree chairman of the FHA chapter in her sophomore year and was a member of the student council. She was initiated into the Honor Society as a sophomore and has been a member for three years. As a junior, she was junior-senior banquet chairman and was student body assistant treasurer. She represented Heppner as a delegate to the American Legion Auxiliary's Girls' State in Salem last summer. She was selected winner of the Elks' scholarship here this year. Jennifer sings in the choir at St. Patrick's Catholic church and has been very active in 4-H work for five years, being in livestock, horsemanship and sewing clubs. The salutatorian plans to enter Eastern Oregon college at La Grande in the fall where she will major in elementary education.

Crowd at Banquet Hears of Boeing

(Continued from page 1)

structure, 350 feet high and 33 feet in diameter. Saturn V cannot be transported by air, highway, or rail. Boeing builds its basement stage in New Orleans with access to water, and it goes by barge to Cape Kennedy. Another project of the Aero-Space division is development of the Lunar Orbiter, scheduled for launching in 1966, and designed to photograph the surface of the moon. It will not land on the moon. Still another program is development and test of high acceleration rockets, designed as deterrents to missiles. It seemed almost an understatement when Olmer said, "We're deeply involved in a good many complex products." With the development of the Aero-Space division the company has shifted its emphasis from a single item—airplanes—to a low volume production of a good many items that involve a great deal of technical research. One employee in seven of the company is a professional-technical employee. The 19th century produced romantic poets, but the 20th century is interested in science and technology, Olmer said, "and it is willing to put its money where its mouth is." This technological time creates need for great adjustment in ed-

R-1 Budget Unchanged

(Continued from page 1)

figures to use as a guide on salaries. Dick also queried whether acoustical ceiling tile had been provided for the Heppner High gym, which would cost an estimated \$3000. He noted that provisions for renovating Ione and Heppner elementary schools to satisfy fire marshal's requirements were included. School Board Chairman Milton Morgan said that he felt that considerable sums had been spent for the new Heppner school for various items and said that all desired things could not be undertaken at once but had to be worked out as time went along. Total budget expenditures are down by some \$20,000 due primarily to reduction in items for capital outlay. However, the amount to be levied to taxes will be increased over 1963-64 by \$72,199, due to a decrease in receipts other than taxes. Last year's resources were figured at \$343,277 as compared with \$253,256 for the coming year. Among the principal items accounting for the decrease is loss of some \$33,000 in basic school support funds following defeat of the state tax program in October. When Acting Chairman Warner asked if anyone wished to request any changes in the budget, no one responded and the hearing was closed. The budget was formally adopted by the school board in its ensuing meeting. Vote on the budget will be on Monday, May 4, at seven polling places around the county.

Bureau to Sponsor 'Meet the Candidate' Meeting on Tuesday

Morrow County Farm Bureau is sponsoring a special "Meet the Candidate" meeting for Tuesday evening, April 21, at the Lexington Grange hall at 8:00 p.m., according to Herman Blettell, bureau president. Candidates of both the Republican and Democratic parties will be present to give talks and answer questions that the public would like to ask. Both state and county candidates are expected to attend. Larry Lindsay will preside as master of ceremonies. Coffee and doughnuts will be served after the meeting, which is open to the public and all interested persons are invited to attend. A high premium is placed on research and development. Boardman is extremely important to Boeing because it has to do a great amount of testing and needs to find space where it can be done without creating problems in its environment, Olmer said.

Jaycee Club Discussed

Twenty-seven young men from Pendleton Junior Chamber of Commerce were in Heppner Tuesday night where they met with nine Morrow county young men who are interested in formation of a Jaycee chapter in the county. During the meeting, at the Wagon Wheel Cate, a Morrow County Jaycee committee was formed to further study the possibility of a club in the county.

Bert Huff, of the First National Bank, Heppner Branch, was appointed chairman of the committee. Huff is a past president of the Pilot Rock chapter of Jaycees.

Harley Sager, also of the First National Bank, was named assistant chairman of the committee and Jim Morris, of the Gazette-Times, was named publicity chairman.

Hal Parker, past president of the Pendleton chapter and state vice-president in charge of district 11, which encompasses Pendleton, Hermiston, Enterprise and La Grande, presided at the meeting and opened by saying that the Jaycees "allow the young man the best possibility of helping themselves and their community through leadership training."

Various officers in the Pendleton organization told the group of the structure and activities of the Jaycees. Time and time again they reminded the gathering that the organization is built around enthusiasm, leadership, and civic-mindedness.

George Olson, second vice-president of the Pendleton club, told of some external activities that a chapter might sponsor

and used the District 7-B basketball tournament, which was held in Pendleton in March and sponsored by the Pendleton Jaycees, as an example.

He said that the organization can be a tremendous asset to any community and that it is up to the individual club as to how far it wants to go in these activities. For example, the Pendleton club started its current fiscal year with 10 planned projects but, so far, it has completed 13 and is planning more.

Parker emphasized that there should be no conflict of interest between a local chapter of Jaycees and the Chamber of Commerce. He pointed out that the aims of the two organizations can work harmoniously.

Another meeting of the Morrow Jaycee committee is scheduled for Tuesday, April 28, at 7:30 p.m. in the Wagon Wheel Cafe. Representatives of the Pendleton group will be present at the meeting to assist and membership applications will be accepted at that time. All interested young men between the ages of 21 and 35 are urged to attend the meeting.

Rockhounds Plan Trip to Antelope

Members of the Morrow County Gem and Mineral Society are to meet Sunday, April 19, at Farley's service station at 7 a.m. for a field trip to Antelope. Anyone wishing a ride is to contact Walt Edger, chairman of the trip.

Each person is to bring lunches, picks and hammers and sacks

Thirty Students Of Heppner High On Honor Roll

Thirty-one Heppner High school students made the honor roll for the third nine weeks period but only one, Karen French, a sophomore, compiled a perfect 4.0 record, according to figures released by Gordon Pratt, principal.

Freshmen placed ten and sophomores placed eleven on the roll, followed by juniors with six and seniors with only four.

Seniors making the roll are Bill Sherman, 3.83; Virginia Moore, 3.70; Martha Dixon, 3.33; and Don Majeske, 3.33.

Juniors included Carl Bauman, 3.66; Jean Stockard, 3.66; John Wagenblast, 3.66; Linda Brubacher, 3.50; Barbara Blake, 3.33; and Stuart Dick, 3.33.

Sophomores achieving honors are Karen French, 4.00; Mark Brown, 3.83; Mike Bunch, 3.66; Maureen Doherty, 3.66; Tim Driscoll, 3.66; Margaret Green, 3.66; Scott Barratt, 3.50; Susan Drake, 3.50; Brenda Young, 3.50; David Matheny, 3.50; and Mark Murray, 3.33.

Freshmen on the roll are Martha Peck, 3.83; Maralee Murray, 3.83; Steve Anderson, 3.50; Mac Hoskins, 3.50; Carol Rawlins, 3.50; Marsha Sowell, 3.50; Linda Clark, 3.33; Martha French, 3.33; Jim Jacobs, 3.33; and Steve Wagenblast, 3.33.

to put their finds in. Next meeting of the club here is April 25.

HOSPITAL

Patients admitted to Pioneer Memorial hospital for medical care during the past week include: Ruby Roberts, Ione; Ed Gonty, Heppner; Patricia Brindle, Heppner; Thomas Laird, Heppner; Jean Zinter, Hermiston; Sarah Adkins, Heppner; Guy Chapin, Hardman, and Harvey Spivey, Kinzua.

Dismissed after receiving medical care was Mary Harris, Heppner, and Ella Bleakman, Heppner, deceased.

Mr. and Mrs. Johnnie Jackson, Jr., of Ione, became parents of a daughter, Andrea Diane, born Friday, April 10. She weighs 5 lbs., 14 oz. and joins one sister at home.

New Ford Mustang—\$2368* f.o.b. Detroit (and we're not fooling!)

This is the car you never expected from Detroit. Mustang is so distinctively beautiful, it has received the Tiffany Award for Excellence in American Design, the first automobile ever to be so honored by Tiffany & Co. Mustang brings you the look, the fire and the flavor of the great European road cars. Yet Mustang is as American as its name—as practical as its price. And just look at all the wonderful features the price includes:

• Deep foam bucket seats
• Padded instrument panel
• Full wheel covers
• Color-keyed all-vinyl interior
• Color-keyed wall-to-wall carpeting

\$2368* f.o.b. Detroit also includes these features often costing extra in other cars:
• Sports steering wheel
• Cigarette lighter
• Glove box light

\$2368* f.o.b. Detroit is the suggested retail price for a completely equipped standard Mustang Hardtop (above). This price includes luxury features either not available or available only at extra cost in most other makes of cars:

• 2 automatic courtesy lights
• Floor-mounted 3-speed shift

\$2368* f.o.b. Detroit also includes these features as standard equipment:
• Twice-a-year (or 6000-mile) service schedule
• Wrap-around front bumper with bumper guards front and back
• Curved side glass
• Front arm rests
• Heater (unless ordered without)
• Parallel-Action windshield wipers
• Safety-Yoke door latches
• Front seat belts (unless ordered without)
• Self-adjusting brakes
• 170-cu. in. 6-cylinder engine

Ford Mustang—Vinyl-Covered Roof

*Suggested retail price. Destination charges from Detroit, options, state and local taxes, and fees, if any, are extra. White sidewalls \$35.00 extra.

FOR AN AUTHENTIC SCALE MODEL of the new Ford Mustang, send \$1.00 to Mustang Offer, Dept. N-1, P.O. Box 55, Troy, Mich. (Offer ends July 31, 1964)

TRY TOTAL PERFORMANCE FOR A CHANGE!

FORD

Mustang - Falcon - Fairlane - Ford - Thunderbird

Ford Mustang Convertible

You can have the ultimate in action by designing your own hot-blooded sports touring machine with these exciting Mustang performance options:
• 289-cu. in. V-8
• 4-speed manual transmission
• Rally Pac (tachometer and clock)
• 14-inch wheels and tires
• Heavy-duty battery
